

YOUR Neighborhood VISION

Neighborhood Open House
5:30-7:00 P.M. | June 20, 2016
St. James United Methodist Church

What is a Neighborhood Action Plan?

A Neighborhood Action Plan expands upon concepts from EnvisionCR and focuses on connecting various planning efforts, such as, parks and recreation, flood recovery, pedestrians, and trails related to a specific neighborhood. The Plan will identify specific actions needed to address issues and make improvements.

I'm here, now what do I do?

Walk around and review the boards. Place a dot next to the suggestion that you think is most important under each element (Placemaking, Connectivity, Land Use, Streetscapes, Neighborhood Character).

Please be sure to write down any suggestions you have and leave your comments in our comment box.

Thank you for your feedback!
