

Transfer Agreement for Storm Water General Permit No. 2 – Same Authorization

This form is to be used when the buyer of any lots in a development agrees and intends to be solely responsible for sediment and erosion control compliance under the seller's storm water permit authorization and when the seller will continue to renew the existing storm water permit authorization for the development. Under this agreement the Developer continues to be responsible for conducting and documenting weekly SWPPP inspections for the listed lots below, and shall communicate any deficiency(ies) to the buyer.

Seller's storm water NPDES General Permit No. 2 authorization number in DNR's storm water database:

_____ -- _____

Name and location of permitted project as it appears in DNR's storm water database:

Name: _____

Location: _____

List lot numbers of all lots transferred, addresses including street names and numbers (if available) and any other information needed to identify the transferred property. Additional pages may be attached if necessary.

Printed or typed name of Seller: _____

Printed or typed name of Buyer: _____

Seller understands that as of the date of execution of this contract, Seller is solely responsible for renewing the existing storm water permit authorization under the DNR's General Permit No. 2 until soil-disturbing activities on the property described above are completed and the ground has been stabilized with a permanent, perennial vegetative cover of sufficient density to preclude erosion. Seller may discontinue the authorization under General Permit No. 2 for the property described above only 30 days or more after giving Buyer written notice of such intent.

Buyer understands that as of the date of execution of this contract, Buyer is solely responsible for compliance with the DNR's storm water NPDES General Permit No. 2 for discharging storm water under Seller's storm water permit authorization for the property described above. Buyer therefore agrees and intends to comply with all requirements of the storm water NPDES General Permit No. 2 and all other applicable laws, rules, ordinances and permits regarding storm water discharges.
