

**Proposal Evaluation Summary  
GPS Survey Equipment – RFP #PUR0615-259  
Proposals opened August 6, 2015**

**Evaluators:** Jon Durst, Ryan Bemrich, Russ Camp, Jared Suchan

**Proposals received in alphabetical order:**

1	A & D Technical Supply	Omaha, NE
2	Carlson Software	Maysville, KY
3	Precision Midwest	Warrenville, IL

The following firms, in alphabetical order, were selected for equipment demonstrations:

**1. A & D Technical Supply** Omaha, NE

**Facts:**

1. User friendly system made for field use
2. Focused and robust product development
3. Screen size is smaller than desired
4. Concerns regarding knowledge level of rep assigned to work with the City for demo
5. Equipment was impressive during initial presentation but during trial use by staff it did not seem to be the right fit
6. Competitive financial proposal within available budget

**2. Precision Midwest** Warrenville, IL

**Facts:**

1. Currently providing support to the City for existing GPS equipment
2. System is easy to use for staff in the field
3. Many hardware options available
4. Willing to work with the City to incorporate existing equipment even if it was not purchased from them
5. Knowledgeable reps were very helpful and supportive during trial use by staff
6. Competitive financial proposal within available budget

**Recommendation for Award:**

The evaluation team ranked each proposal independently and chose Precision Midwest as the top proposal for the following reasons:

1. Proven track record providing support for existing GPS equipment
2. Equipment meets the City's needs and is very easy for field staff to pick up and use
3. Knowledgeable reps available for support when needed
4. Financial proposal within budget
