

### **ADDENDUM #1**

**To:** All Companies Interested in Submitting a Bid  
**From:** Heather Mell, Purchasing Agent  
**Bid:** 33<sup>rd</sup> Avenue Drain Tile Installation (Bid #PUR0816-033); Dated: October 7, 2016  
**Subject:** Addendum #1 (1 page)  
**Date:** October 17, 2016

---

The following questions and/or clarifications were asked relative to the above-listed Request for Bid. This memo is sent for clarification to all companies to whom the bid was sent.

**Question:** The plan indicates the contractor is to connect to an existing tile stub at this location. Can you please confirm that an existing tile stub exists on the North side of the intake?

**Answer:** The stub is not installed as stated. Contract shall core drill a hole in the back of the existing intake. This will add approximately 10 feet of drain tile to the project from what was originally stated.

**Question:** I am writing to inquire about any boring, tunneling, or directional drilling on the above-mention project. If any, I am interested to know the sizes and lengths of the bores as well as the soil types that are expected to be encountered.

**Answer:** No boring or tunneling needed on this project.
