

ADDENDUM I

To: All companies interested in submitting a bid

Bid: Environmental Assessment Services – Best Western Coopers Mill
RFB #PUR1216-144

From: Judy Lehman, Manager, Cedar Rapids Purchasing Services Division

Subject: Addendum No. 1 (1 page)

Date: December 27, 2016

1. Is the OSHA hazwoper training necessary for all site personnel? We have a CIH, CHMM and one inspector with hazwoper training, but most of our site inspectors only carry the necessary state inspector licenses. **What you have listed will meet the minimum requirements of this project.**
2. Is the OSHA 8-hour supervisor training separate from the state supervisor licensing?
State training is sufficient.
3. And what proof of experience are they looking for concerning RCRA regulations? We routinely do pre-demo inspections for both asbestos and regulated/hazardous wastes and so we should have the necessary experience for an assessment such as this one.
List previous experience for this question.
4. Is the marked vehicle also a requirement? We use our personal vehicles.
As long as the vehicles are properly licensed and employees have some form of identification for the company they work for that is acceptable.

All addenda that you receive shall become a part of the contract documents and shall be acknowledged and dated on the bottom of the Signature Page Form.
