Subject: Addendum #1 (1 page)
Date: December 15, 2016

Please note the following specification changes/additions/clarifications relative to the above Request for Bid.

- 1) **Question:** Are both vehicles being bid as gas and if so, we will not be bidding as we cannot meet the spec of the 6.2 liter minimum. We have the 6.0 liter gas and 6.6 diesel. Please advise if the 6.0 is acceptable or not.
Answer: The 6.0 is acceptable.
- 2) **Question:** Do you want remote keyless entry for the 3/4-ton vehicles?
Answer: Yes it is preferred.
- 3) **Question:** Attachment B: Is the aluminum floor, header panel, and tail skirt a must for the quote? Knapheide does not offer that feature.
Answer: No, it does not need to be aluminum.
- 4) **Question:** Attachment B: What are you running off the power inverter?
Answer: The 2000 Watt Tripp Lite Inverter is used in the department's applications.
- 5) **Question:** The Ram Mount is very comparable to Gamber Johnson. I wanted to verify that would be ok with you.
Answer: No - the Gamber Johnson is the specification required.
