

ADDENDUM #2

To: All Companies Interested in Submitting a Bid
From: Rebecca Johnson, CPPB, Purchasing Agent
Bid: Articulating Sidewalk Plow Machine (RFB #PUR0817-028); Dated: August 14, 2017
Subject: Addendum #2 (1 page)
Date: August 23, 2017

The following questions and/or clarifications were asked relative to the above-listed Request for Bid. This memo is sent for clarification to all companies to whom the bid was sent.

Question: For the optional 57" articulating snow plow blade, at what point should it be 57" wide? Would it be acceptable to remove the bottom edges of the replaceable blade at the bottom of the plow, rather than modify the plow moldboard? Do the mushroom shoes need to be relocated?

Answer: Existing plow blades have had the outer moldboard gussets removed and had 1 ½ inches cut off each side of the moldboard. The outer moldboard gussets were then welded back into place. Paint was touched up to match the factory paint. The cutting edge was also cut down to the same dimensions. The modification did not go far enough to affect the mushrooms. This modification has been done by a local machine shop. The City will provide the name of the shop to the awarded vendor upon request.

All addenda that you receive shall become a part of the contract documents and shall be acknowledged and dated on the bottom of the Signature Page (Attachment C). The deadline for bid submittal is Tuesday, August 29, 2017 before 3:00 p.m. CDT.
