---

Please note the following specification changes/additions/clarifications relative to the above Request for Bid.

- 1) **Question:** Would a Rugby dump body with chipper top cover quality?  
**Answer:** The department will not accept the Rugby dump body. The gusseted sides are needed in order to handle log hauling for Forestry use.
- 2) **Question:** Will you only accept an Abortech Body? The last truck we did was a Knapheide Chipper body, just wondering if that would be acceptable.  
**Answer:** The City prefers the Arbor Tech equipment. If Knapheide can build one with the defined specifications we will review and consider as long as it meets the specs.
- 3) **Information:** Vendors shall use the Revised Bid Pricing Form to submit their bids. Items that have changed are in red font.
