The following questions and/or clarifications were asked relative to the above-listed Request for Bid. This memo is sent for clarification to all companies to whom the RFB was sent.

Clarifications from pre-bid meeting held on March 6, 2018:

- The work area is a difficult site located on a hill

- The work area is on Iowa DOT property, therefore the contractor is responsible to follow all IDOT regulations and obtain any permits required by the IDOT

- Alternative methods to those specified that will achieve the same or better results may be proposed with bid submittal; the Project Manager will be the sole individual to determine if the alternative methods are acceptable for the project
- Contractor shall be responsible to identify and provide the water source
- For herbicide application, cut stump, pricing may be provided either per stump or per square yard; the unit of measure (UOM) must be clearly indicated on the Bid Pricing Submittal Form (Attachment C)
- If pricing for herbicide application is provided per square yard, treatment must still be applied to each stump individually; broadcast treatment will not be acceptable

All addenda that you receive shall become a part of the contract documents and shall be acknowledged and dated on the bottom of the Signature Page (Attachment C). The deadline for bid submittal is Wednesday, March 14, 2018 before 3:00 p.m. CDT.
