

ADDENDUM #1

To: All Companies Interested in Submitting a Proposal
From: Rebecca Johnson, CPPB, Purchasing Agent
RFP: Bus Camera System (RFP #PUR0318-157); Dated: April 30, 2018
Subject: Addendum #1 (1 page)
Date: May 4, 2018

The following questions and/or clarifications were asked relative to the above-listed Request for Proposal. This memo is sent for clarification to all companies to whom the RFP was sent.

Question: In regards to the Hard Drive being 2TB, is that required for the local drive (DVR) or is that a storage requirement for after it is offloaded?

Answer: 2TB is the requirement for the DVR.

Question: Is it correct to assume that the 7 existing camera locations will be utilized with the new cameras being proposed and in some cases existing cameras will remain?

Answer: We anticipate that the seven (7) existing camera locations will be used, but that the cameras may need to be replaced to provide a better system. Vendors can propose other locations if it will provide better coverage such as a view of the driver's area or other areas that are lacking coverage.

Question: Do you have a diagram showing existing camera locations or a description of the locations?

Answer: The City does not have a diagram available, but the locations of the existing seven (7) cameras are as follows:

- Exterior view forward facing through the windshield
- Exterior left side front to back
- Exterior right side front to back
- Interior front door and farebox
- Interior rear door
- Interior looking from front to back
- Interior looking from back to front

Question: Do you have a list of the vehicles in the fleet? Length of vehicles?

Answer: There are 24 2009-2017 35-foot Gillig buses and 6 1992 GMC RTS busses.

The Purchasing Services Division will accept written questions regarding the Request for Proposal until 3:00 p.m. CDT on Wednesday, May 16, 2018.
