

ADDENDUM #1

To: All Companies Interested in Submitting a Proposal
From: Rebecca Johnson, CPPB, Purchasing Agent
RFP: River Recreation Feasibility & Implementation Study (RFP #PUR0519-235); Dated:
June 10, 2019
Subject: Addendum #1 (1 page)
Date: June 26, 2019

The following questions and/or clarifications were asked relative to the above-listed Request for Proposal. This memo is sent for clarification to all companies to whom the RFP was sent.

Question: What is envisioned for the public outreach process for this project?

Answer: This project is envisioned as a technical study to investigate feasible recreation options on the Cedar River. Because of its technical nature, the public outreach process will be focused on meeting with stakeholder groups and presenting results to the public.

Question: How many public meetings are anticipated for the consultant to attend in addition to the kick-off meeting?

Answer: The consultant may be asked to attend meetings with stakeholders to present technical findings. However, City staff will conduct public meetings with information and materials provided by the consultant.

Question: Do you envision a conceptual design and estimated quantities for the two dams?

Answer: The envisioned product includes a conceptual design of proposed alternatives. There is no set number of expected alternatives – this will depend on the findings for feasible options.

Question: Do you envision more than one alternative for dam removal or modification at each site?

Answer: The envisioned outcome is several feasible alternatives for river recreation for the study area as a whole. This may or may not include multiple alternatives for each of the dams.

All addenda that you receive shall become a part of the contract documents and shall be acknowledged and dated on the bottom of the Signature Page (Attachment C). The deadline for proposal submittal is Tuesday, July 9, 2019 before 3:00 p.m. CDT.
