From: Ann Harris, Purchasing Agent
Bid: Soil Testing Equipment #PUR0719-005; Dated: 07/18/19
Subject: Addendum #1 (1 page)
Date: 07/25/19

The following questions and/or clarifications were asked relative to the above-listed Request for Bid. This memo is sent for clarification to all companies to whom the bid was sent.

Question: Per page 9, Bid Pricing Form, the Specification states “Non-Nuclear Troxler EGauge 4590 or equal”. Mid-page, the description listed for the unit price is “Non-nuclear soil test equipment” I would like to submit a bid but would like to clarify that the City of Cedar Rapids is indeed looking for non-nuclear soil test equipment. Our company can offer this product but cannot offer a low-activity nuclear gauge.

Answer: The specifications should have called out a *low emitting* nuclear gauge similar to the Troxler EGauge 4590 or equal. We will also consider non-nuclear options that provide moisture and density testing
