

Cedar Rapids Transit ADA Paratransit Application

Attached is an application for you to complete in order to receive ADA paratransit service. If you have a disability that prevents you from using the fixed-route city bus service, you may be eligible for ADA paratransit service administered by Cedar Rapids Transit and operated under contract by Linn County LIFTS. If you are currently a Linn County LIFTS client, it will still be necessary for you to complete an application to be certified.

Public transit systems are required by the Americans with Disabilities Act (ADA) to establish a process for determining ADA paratransit eligibility. The goal of the process is to ensure that only persons who meet the ADA criteria are regarded as eligible. Eligibility is strictly limited to any person with a disability that is unable to use the regular fixed-route city bus system. Diagnosis of a disability does not establish eligibility. What is needed is a determination of whether the person can use the fixed-route city bus system under given circumstances. The person's physical and mental abilities in relation to getting on and off a bus, riding the bus, and traveling to or from a bus stop will be considered when determining eligibility for paratransit services. A person's age, income, inability to drive, travel preference or inconvenience are not considered qualifying factors. In addition, the service is only provided within the city limits of Cedar Rapids, Marion and Hiawatha.

There are three types of ADA paratransit eligibility:

- Full – if your disability prevents you from using the fixed-route city bus system for any trips.
- Conditional – if you can use the fixed-route city bus system under certain circumstances, but need the ADA paratransit service for specified trips.
- Temporary – if your disability does not require a permanent need for ADA paratransit service.

To enable us to determine your eligibility, it is your responsibility to complete Part 1 and have your physician or health care professional complete Part 2 of this application. Please be as specific as possible. The questions are meant to determine the functional abilities you have and under what circumstances you might be able to utilize the wheelchair-accessible fixed-route city bus system. If you don't believe there is enough space to answer your questions, feel free to attach a sheet to the back of this application. Please number your answers to match the question so we know what response belongs to which question. Both sections must be filled out and the entire application submitted to Cedar Rapids Transit to be considered a complete application. An incomplete application will be returned to you and will delay your eligibility determination.

Completed applications will be processed as soon as possible and you will receive written notification of the decision. If you have not received a response within 21 days after mailing your completed application or if you have any questions regarding this process, please call (319) 286-5540 for assistance.

Please mail your completed application to the following address:

Cedar Rapids Transit
Attn: ADA Paratransit Service Application
427 8th St NW
Cedar Rapids, Iowa 52405

Other (please explain): _____	

10. Can you wait ten minutes alone at a bus stop? Yes No
(If no, please explain) _____

11. Can you climb three steps to get into a bus? Yes No

Part 2 - Request for Professional Verification

(To be completed by a licensed Physician or Health Care Professional)

You are being asked by the applicant named in Part 1 to provide information regarding their disability and its impact on their ability to use the fixed-route city bus system operated by Cedar Rapids Transit. The Americans with Disabilities Act (ADA) requires public transit systems to provide paratransit service to persons who, due to a disability, are unable to use the fixed-route city bus system. The goal of the ADA paratransit eligibility process is to ensure that only persons who meet the ADA criteria are regarded as eligible.

Diagnosis of a disability does not establish eligibility. What is needed is a determination of whether the person can use the fixed-route city bus system under given circumstances. Please keep in mind that all of our fixed-route city buses are equipped with wheelchair lifts/ramps. The person's physical and mental abilities in relation to getting on and off a bus, riding the bus, and traveling to or from a bus stop will be considered when determining eligibility for paratransit services. A person's age, income, inability to drive, travel preference or inconvenience are not considered qualifying factors. The information that you provide will allow Cedar Rapids Transit to make an appropriate eligibility determination for this applicant. Thank you for your cooperation and assistance.

Applicant's Name _____

Capacity in which you know the applicant: _____

Please identify the applicant's disability and describe the impacts or limitations to mobility:

Is this condition temporary? Yes No If yes, expected duration _____

If the applicant has a visual impairment, please identify the extent of impairment and describe how it prevents their use of the fixed-route city bus system: _____

If the applicant has a cognitive disability, please identify the extent of impairment and describe how it prevents their use of the fixed-route city bus system: _____

In your professional opinion, is this person able to ride the fixed-route city bus system? Yes No

I hereby certify that the above information is correct and true.

Physician's Signature (or stamp) _____ Date _____
