

CEDAR RAPIDS
BLUEPRINT
for the **FUTURE**

The City of Cedar Rapids competes for people to live, work and do business in our community. Feedback from current residents and businesses provides us with needed information for how we can continue to meet your needs. We would appreciate your responses to the following questions.

1. What do you like about city services currently provided? Do you have any suggestions for additional services?

I think the services provided are good for a community this size. I would like to see more things for the children and young people, possibly more activities in the parks - movie nights, teen dances, a free swim night.

2. How can we improve the services provided to you?

I can't think of anything at this time. The city does and has good departments that work hard for the citizens.

3. How can we improve communications regarding city activities and services?

An automated phone system - that would give a brief description of the city depts. and services where you can push a number and be directly connected to the dept.

4. Other comments and questions.
