

CEDAR RAPIDS
BLUEPRINT
for the FUTURE

The City of Cedar Rapids competes for people to live, work and do business in our community. Feedback from current residents and businesses provides us with needed information for how we can continue to meet your needs. We would appreciate your responses to the following questions.

1. What do you like about city services currently provided? Do you have any suggestions for additional services?

The city's image needs to be polished up. Start in the CBD with a high impact housing project. Then do another, then another...

2. How can we improve the services provided to you?

The skywalk system needs an update/facelift. This is our downtown - our image. Most of it is an eyesore right now. Looks like nothing has been improved on it for many years.

3. How can we improve communications regarding City activities and services?

4. Other comments and questions.

Start developing the riverfront housing with 1st floor commercial (restaurants, etc.)
