

CEDAR RAPIDS
BLUEPRINT
for the **FUTURE**

The purpose of this open house is to get public feedback on alternatives for refining City Organizational Structure, Systems and Processes. We would appreciate your feedback to the following:

1. Questions, comments or suggestions regarding the alternatives to City Organizational Structure.

Mr. Prosser is doing a good job of streamlining the budget. Caution: don't go so far that we can't recover.

2. Questions, comments or suggestions regarding the alternatives to City Services.

Taxes received and dispersed seem to be somewhat proportionately out of sync. The schools receive 41% while the city of C.R. receives only 39%. The city only has allowed, if I remember correctly, 9% to the streets department.

3. Questions, comments or suggestions regarding the alternatives to City Systems.

The infra-structure of C.R. is getting old. Streets need to be done completely. Patch work is only temporary and a wasteful use of resource (money & people). Catching in the rain seems odd to me.

4. Other comments and questions.

The Community Center may be fine - centralizing senior center, pool farmers market. However, please don't keep the bldgs. on the payroll.
