

CEDAR RAPIDS
BLUEPRINT
for the **FUTURE**

The purpose of this open house is to get public feedback on alternatives for refining City Organizational Structure, Systems and Processes. We would appreciate your feedback to the following:

1. Questions, comments or suggestions regarding the alternatives to City Organizational Structure.

Keep the current transition team for at least 1 more year & revisit the issue after that - especially ^{w/} the changes that are about to be made. see how more efficient city government becomes & then see if the form of management should be

2. Questions, comments or suggestions regarding the alternatives to City Services.

Lean Government Options - Is there anyway you can combine the CPIO option with the Department based Improvement Initiative? I think the Dept. of Natural Resources has done this
Customer Service - combination of 311 & Ombudsman Office - this
311 can screen those that need more attention / complex issues

3. Questions, comments or suggestions regarding the alternatives to City Systems.

Public Participation like this task force openhouse format but you are only getting opinions from people who are informed or want to be involved. Is there another format ~~web~~ web-based / hotline to secure the opinion of more people who live in the community?

4. Other comments and questions.

Leaf Collection - Option #1

① add value to the neighborhood liaison position - it's not fully understood what this position does & it seems the only neighborhood groups are older established (vines city) neighborhoods.

BELOW INFORMATION IS OPTIONAL (all information provided will be public information):
