Not sure what is meant by a fee for owner occupied housing if you plan on inspections for all owner occupied inside and out this is wrong and a waste of time, just enforce current codes and if you see something correct it.

2E. Comments/questions on the recommendations for **Zoning**:

enforce current ~~codes~~ codes, drive around to look for things but don't turn into a dictator and inspect all properties

2F. Comments/questions on the recommendations for **Vacant and/or Dilapidated Housing**:
