General

- ① Is funding available to help - all the expenses for landlords? Work on getting federal grants.
- ② Enforce the code that exists first. Why hasn't the code been enforced over the years on these "bad" landlords + properties?

3. Other Comments/Questions?

Need more education of Tenants & general public so they understand their responsibilities + stop attacking the good landlords who work very hard to provide a good service + educate themselves at their expense.
