

I'm past being upset about your new program for the neighborhoods of Cedar Rapids.

I haven't had schooling yet and I'm a little slow. — So I was hoping the city would show me how to handle their ideas?

For Example: Someone is in jail — release them and inform them, they can not live inside the city limits for 3 months?

Driving without insurance — State Law — must move out of Iowa? Just for 3 months?

Dealing Drugs — Fed. Law — move out of USA 3 months or do we revoke their passport so they can not enter again.

Strike I — your parents and/or your child must go to school. For miss behaving.

Strike II — your worst enemy must go to school — who ever you name.

Strike III — a police officer or a Judge can go and get schooling
