General Statement of Duties

Provides advanced technical services in the area of electrical repair and maintenance.

Distinguishing Features of the Class

Work is performed under general supervision, with the ability to exercise discretion in selection of work method and schedule.

Examples of Essential Work (Illustrative Only)

Installs, repairs and maintains electrical distribution systems, motors, variable frequency drives, and other electrical equipment throughout city facilities;
 Troubleshoots difficult malfunctions of electrical and pneumatic control components of motor control circuits and high voltage switchgear;
 Designs, constructs or modifies blueprints for electrical installations;
 May serve as lead worker to other city employees capable of assisting in electrical work;
 Requisitions equipment and supplies as required;
 Performs emergency repair services as needed;
 Advises management personnel with respect to electrical installations;
 Maintains records;
 Wears and properly uses safety equipment including personal protective, fall protection equipment, self-contained breathing apparatus, and gas detection equipment;
 Performs all work duties and activities in accordance with City policies, procedures and safety practices;
 Attends meetings, conferences and workshops;
 Supports continuous process improvement initiatives;
 Performs related work as required.

Required Knowledge and Abilities

Requires the following knowledge, skills, and abilities:

Firm knowledge of basic electricity theory, electrical safety, circuit design, functions of transformers and associated electrical equipment;
Knowledge of functions of specific electrical equipment utilized in various facility processes and their operation and maintenance;
Knowledge of safe electrical working practices as required by NFPA 70E;
Knowledge of OSHA permit-required confined space entry protocol, respiratory protection standards, right-to-know laws, CPR, and First Aid;
Ability to communicate effectively and establish and maintain effective working relationships with other City employees, supervisory personnel, contractors, and the public;
Ability to quickly learn and put to use new skills and knowledge brought about by rapidly changing information and/or technology;
Ingenuity and inventiveness in the performance of assigned tasks.

Acceptable Experience and Training

Requires completion of a four-year electrical apprenticeship program covering construction, control, safety and high-voltage components and procedures; a minimum of two years experience as a journeyman maintenance electrician;
Documented additional journeyman-level job experience may be substituted for formal apprenticeship program; or
Any equivalent combination of experience and training which provides the knowledge and abilities necessary to perform the work.

Required Special Qualifications

Master electrician's license issued by the City of Cedar Rapids (based on municipal electrical code), or ability to obtain within six months of appointment.
Valid Iowa Driver's License upon appointment.

Essential Physical Abilities

Requires the following, with or without reasonable accommodation:
Clarity of speech and hearing which permits the employee to communicate effectively;
Sufficient vision which permits the employee to operate equipment and tools;
Sufficient manual dexterity which permits the employee to operate equipment.
