Recommendation for Award Tuesday, January 26, 2016

Submit Bid to: →→→→→→→→
Submit in a sealed envelope.
Address exactly as stated.
City Clerk Office Hours 8 am to 5 pm, Mon-Fri

Sealed Bid: Demolition Services of Buildings and Associated Materials – Sinclair Site
Office of the City Clerk-City Hall
101 First Street SE
Cedar Rapids IA 52401

Method of Submittal US Mail, Overnight Delivery or In Person
Electronic and fax proposals are not acceptable

Contact Person, Title Judy Lehman, CPPB, Purchasing Agent
E-mail Address j.lehman@cedar-rapids.org

Phone/ Fax Numbers Phone: 319-286-5022 Fax: 888-815-3659

- 1.3 The City is not responsible for delays occasioned by the U.S. Postal Service, the internal mail delivery system of the City, or any other means of delivery employed by the Bidder. Similarly, the City is not responsible for, and will not open, any bid responses that are received on or after the time stated above. Late submittals will be retained in the RFB file, unopened. No responsibility will be attached to any person for premature opening of a bid not properly identified.
- 1.4 Bids will be publicly opened on Wednesday, January 13, 2016 at 11:00 am, CST (our clock) in City Hall, 101 First Street SE, Cedar Rapids, IA 52401. The main purpose of this opening is to read the name(s) of the Bidders(s) and the submitted pricing, not to serve as a forum for determining the apparent low bidder(s).
- 1.5 Bids will be evaluated promptly after opening. After an award is made, a bid tabulation summary will be sent to all companies who submitted a bid. Bid results will not be given over the telephone or prior to award. Bids may be withdrawn any time prior to the scheduled closing time for receipt of bids; no bid may be modified or withdrawn for a period of sixty (60) calendar days thereafter.

----- End of Section 1.0 -----

SECTION 2.0 – INSTRUCTIONS TO BIDDERS

2.1 Federal Funding Provisions

NOTICE: THIS MAY BE A FEDERALLY FUNDED PROJECT

The City of Cedar Rapids, Iowa, is a Sub-Grantee of the State of Iowa, under CDBG Disaster Funding for the Demolition Services of Buildings and Associated Materials – Sinclair Site Project, RFB # PUR1115-098.

AWARDING AGENCY: Department of Housing and Urban Development (HUD).

Funding, in whole or in part, for this Project is through CDBG Disaster Funding from HUD, therefore all provisions of the Federal Code of Regulations, Title 24 (CFR24) Administrative Requirements for Grants and Cooperative Agreements to State, Local and Federally Recognized Indian Tribal Governments apply to this Project.

Federal Law requires that contracts relating to the Project include certain provisions of CFR Title 24 Part 85.36 (h, i) Administrative Requirements for Grants and Cooperative Agreements to State, Local and Federally Recognized Indian Tribal Governments. Depending upon the type of work or services provided and the dollar value of the Project, some of the provisions set forth in CFR Title 24 may not apply to the Contractor or to the work or services to be provided hereunder; however, the provisions are nonetheless set forth to cause this Project to comply with Federal Law.

This Project will be in strict compliance with program requirements of the Awarding Agency and of CFR Title 24 Part 85.36 (i & h). See additional provisions, Attachment K.

2.2 NOTICE: Insurance Is Required For This Project

WORK SHALL NOT BEGIN UNTIL THE CERTIFICATE OF INSURANCE AND ALL REQUIRED ENDORSEMENTS ARE RECEIVED AND APPROVED BY THE CITY.

At all times during the term of the Work and the Contract, and any extensions thereof, the Contractor shall purchase, at its own expense, and maintain with insurance companies in good standing and acceptable to the City. Such insurance will protect the Contractor from liability and claims for injuries and damages which may arise out of or result from the Contractor's operations under the Contract and for which the Contractor may be legally liable, whether such operations are by the Contractor or by a Subcontractor or by anyone directly or indirectly employed by any of them, or by anyone for whose acts any of them may be liable.

For the protection of the Contractor and the City, but without restricting or waiving any obligations of the Contractor herein contained, the Contractor shall insure the risks associated with the Work and the Contract with minimum coverages and limits as set forth in Attachment B, INSURANCE REQUIREMENT.

2.3 Whenever used in this RFB the following terms shall have the meaning given as follows:

City	City of Cedar Rapids, Iowa
Project Manager	John Riggs, Building Services Manager
Environmental Assessment Contractor	Stanley Consultants
Remediation Contractor	Company performing the scope of work described herein
Demolition Contractor	Company performing the scope of work described herein
Contractor	Remediation and Demolition Contractor
ACM	Asbestos Containing Material
HHW	Household Hazardous Waste
Agency	Cedar Rapids/Linn County Solid Waste Agency Site #2 at 1954 County Home Road - Marion, Iowa
Contact: Karmin McShane	319-377-5290 or kmcshane@solidwasteagency.org

2.4 A company representative who is authorized to bind the Company will sign on behalf of the company to indicate to the City that you have read, understand and will comply with the instructions and all terms and conditions stated in this Request for Bid and all attachments.

2.5 Pre-Bid Meeting

In addition to the information contained in the Request for Bid, you are strongly encouraged to attend a pre-bid meeting to be held on Monday, January 4, 2016 at 10:00 am at City Hall (Blairs Ferry Conference Room-lower level), 101 First Street SE Cedar Rapids, Iowa. The City is inviting all bidders to attend this meeting to examine the work areas and equipment, ask specific questions and request clarifications on the specification portion of this bid document. All interested bidders are

strongly encouraged to attend in order to familiarize themselves with the systems and all conditions that may affect the time or cost of performance.

2.6 Site Visits (Self-Guided)

The City of Cedar Rapids is providing all interested bidders two (2) different days to visit the site (see section 1.2 for dates). It is the responsibility of the Contractor to take a copy of the project map so they can review the site. Representatives of the City may not be present at these times. The gates shall be open during these times. Per Section 4.2, the CONTRACTOR shall submit an all-inclusive firm fixed price for all portions of this project as described.

2.7 This Request for Bid does not commit the City to make an award, nor will the City pay any costs incurred in the preparation and submission of bids, or costs incurred in making necessary studies for the preparation of bids.

2.8 Addenda

Any matter of this bid package that requires explanation or interpretation must be inquired into by the Bidder in writing by Wednesday, January 6, 2016 at 11:00 am, CST. FAX or E-MAIL all questions to Judy Lehman at 888-815-3659 or j.lehman@cedar-rapids.org. Any and all questions will be responded to in the form of written addenda to all Bidders. All addenda that you receive shall become a part of the Contract Documents and shall be acknowledged and dated on the bottom of the Signature Page Form (Attachment C). All Addenda will be posted on the City's website. It is the Bidder's responsibility to check for addenda.

<http://www.cedar-rapids.org/government/departments/purchasing/Pages/currentbidopportunities.aspx>

2.9 Exceptions to Documents

The Bidder shall clearly state in the submitted bid any exceptions to, or deviations from, the minimum bid requirements, and any exceptions to the terms and conditions of this RFB. Such exceptions or deviations will be considered in evaluating the bids. Bidders are cautioned that exceptions taken to this RFB may cause their bid to be rejected.

2.10 Silence of Specifications

Commercially accepted practices shall apply to any detail not covered in the specification and to any omission of the specification. Any omission or question of interpretation of the specification that affects the performance or integrity of the service being offered shall be addressed in writing and submitted with the Proposal.

2.11 Incomplete Information

Failure to complete or provide any of the information requested in this Request for Bid, including references, and/or additional information as indicated, may result in disqualification by reason of "non-responsiveness".

2.12 No responsibility will be attached to any person for premature opening of a bid not properly identified.

2.13 In the event of conflict, the Special Terms and Conditions shall take precedence over the Standard Terms and Conditions, included herein.

Be advised that any conversations (in reference to this RFB) between bidders and any City employee, City official or City Project Manager, outside of the Purchasing Services Division, during the entire competitive bidding process is strictly prohibited. Such actions will result in removal of the Contractor from the vendors list and rejection of the Contractor's bid. The ONLY official position of the City is that position which is stated in writing and issued by the Purchasing Services Division. No other means of communication, whether written or oral, shall be construed as a formal or official response statement.

----- End of Section 2.0 -----

SECTION 3.0 – SPECIAL TERMS AND CONDITIONS

3.1 Term of Contract

- 3.1.1 The initial term of the Contract shall commence on the date the City executes the Contract and shall end on April 1, 2016.
- 3.1.2 The Contract may be extended by written mutual agreement by the City and the Contractor.
- 3.1.3 A Contract, prepared by the City and signed by the City Manager, shall become the document that authorizes the Work to begin, assuming the insurance requirements have been met. Each section contained herein, the attachments, and any addenda and the response from the successful Bidder shall also be incorporated by reference into the resulting agreement.
- 3.1.4 The City reserves the right to make changes to the Work to be provided which are within the Project. No assignment, alteration, change, or modification of the terms of the Contract shall be valid unless made in writing and agreed to by both the City and the Contractor. The Contractor shall not commence any additional work or change the scope of the Work until authorized in writing by the City. Contractor shall make no claim for additional compensation in the absence of a prior written approval and amendment of the Contract executed by both the Contractor and the City. The Contract may only be amended, supplemented or modified by a written document executed by the Contractor and the City Manager.
- 3.1.5 In accordance with the provisions and conditions of the Contract, Contractor shall freely enter into the Contract for the purpose of providing Work to the City and to be compensated for the Work.
- 3.1.6 No price escalation will be allowed during the initial term of the contract. If it is mutually decided to renew beyond the initial period and the Contractor requests a price increase, the Contractor shall provide sufficient written certification and documentation to substantiate the request. Documentation shall include, but not be limited to; actual materials invoices, copies of commercial price lists, provision of appropriate indices, which reflect said increases. The City reserves the right to accept or reject price increases, to negotiate more favorable terms or to terminate without cost, the future performance of the contract.

3.2 Contract Forms

- 3.2.1 If a Bidder intends to request that the City of Cedar Rapids enter into any agreement form in connection with the award of this project, the form must be submitted with the Bid for review by the City's legal counsel during the evaluation of Bids. If such agreement requires that payments be remitted to other than the Bidder, the Bidder shall indicate the name and address of the firm to whom Bidder would request payments to be made, and the firm's relationship to the Bidder.
- 3.2.2 Bidders are advised that in the event any such agreement contradicts the City of Cedar Rapids requirements, the bid may be rejected due to the contradiction unless Bidder indicated deletion of such clauses. If agreement form indicated a firm other than the Bidder is Contractor, or payee, the proposed Contractor or payee must also indicate concurrence with the deletion of such clauses.
- 3.2.3 If no agreement form is included with the bid, no such form will be approved by the City during the evaluation or award processes, or following award of contract. If the bid does not indicate the proposed Contractor, vendor or payee to be a person or company other than the Bidder, (1) only the Bidder will be considered as Contractor and (2) payments will be made only to the Bidder to whom the contract is awarded.
- 3.2.4 The City of City Rapids will in no case agree to terms not submitted for review with the bid submittal.

3.3 Payment Terms and Invoice Submittal

- 3.3.1 Payment terms for Work authorized under the contract shall be net forty-five (45) days upon receipt of an acceptable original invoice and after Work performed, inspected and accepted and all required documentation and reports are received in a format acceptable to the City.
- 3.3.2 Invoices shall include the following information:
- Contractor name and address
 - Description of Work Performed
 - Date of Work Performed
 - City PO number
 - The total amount being invoiced

- The Project Number / Contract Number (RFB #PUR1115-098)
- Load tickets, scale tickets and manifest shall be submitted with each invoice
- Documentation of compaction tests

3.3.3 Surcharges (i.e. fuel surcharges, restocking) shall NOT be allowed to be added to invoices as an additional line item.

3.3.4 All invoices, and supporting documentation shall be submitted at the intervals as agreed upon:

- a) In a pdf format via e-mail to: accountspayable@cedar-rapids.org
or
- b) Via US mail to: City of Cedar Rapids, Finance Department – Accounts Payable,
101 First Street SE, PO Box 2148, Cedar Rapids, IA 52406-2148.

3.3.5 The City may withhold payment for reasons including, but not limited to the following:

- a) Work that is defective, inaccurate, flawed, unsuitable, nonconforming or incomplete due to negligence of the Contractor;
- b) Damage for which Contractor is liable under the Contract;
- c) Valid liens or claims of lien;
- d) Valid claims of Subcontractors or other persons;
- e) Delay in the progress or completion of the Work;
- f) Inability of Contractor to complete the Work;
- g) Failure of Contractor to properly complete or document any pay request or invoice;
- h) Any other failure of Contractor to perform any of its obligations under the Contract; or
- i) The cost to City, including attorneys' fees and administrative costs, of correcting any of the aforesaid matters or exercising any one or more of City's remedies set forth in the Contract.

3.3.6 Actual travel time to and from the work location is not reimbursable under the Contract.

3.3.7 Retainage - The City shall retain 5% of the value of the Work completed, until all Work has been completed and accepted by City Council resolution. Retained payment will be held 30 days following City Council resolution to ensure any liens are cleared and all paperwork filed. A request for retainage release shall be requested at the completion of the Project.

3.4 Bonds – REQUIRED

3.4.1 Bid Bond - Each bid shall be accompanied by a bid bond, certified check, or a certified credit union share draft for ten percent (10%) of the bid, payable to the order of the City Treasurer of the City of Cedar Rapids, Iowa which sum shall be forfeited in case the successful bidder fails to enter into the contract within ten (10) days after notice the contract has been awarded. The bid security shall be in a separate envelope securely attached to the envelope containing the bids. No bids may be withdrawn after the time for opening of bids has passed.

3.4.2 Payment and Performance Bonds - Awarded Contractor shall furnish payment and performance bonds, each in an amount equal to the Contract price as security for the faithful performance and payment of all Contractor's obligations under the Contract documents. These bonds shall remain in effect at least until two years after the Work is fully accepted by the City. Bonds shall be submitted within ten (10) days of award.

3.4.3 Bond Forms are provided in Attachment E.

3.5 Drug Free Workplace

3.5.1 The City of Cedar Rapids seeks to enhance worker safety by creating workplaces that are free of drugs and substance abuse. All Contractors and subcontractors working on City projects will be responsible for the pre-employment drug screening of all of their employees to be assigned to City projects. All Contractors and subcontractors shall have in place a drug and alcohol testing policy that conforms to the requirements of Iowa Code Section 730.5 "Private sector drug free workplaces" and "A Guide to Workplace Testing in Iowa", latest update. Random testing is to be conducted in conformance with Iowa Code Section 730.5 – 8.a.

3.5.2 Bidders shall provide with their Bids an affidavit to the City that their drug testing program, and those of their subcontractors, meets the requirements of this Article. Affidavit Form is provided in Attachment C.

3.6 Treatment of Documents and Records

3.6.1 Ownership

All Documents and other materials prepared by the Contractor in connection with this project are the City's sole property in which the Contractor has no proprietary or other rights or interests. All reports, documents, information, and any materials or equipment furnished to the Contractor by the City shall remain the sole property of the City. Nothing written in this paragraph, however, will be interpreted to forbid the Contractor from retaining a single copy of information for its files.

3.6.2 Confidentiality

Any individual subcontracted or employed by the Contractor with authorized access to personnel information documents, if any, is given access to use any personnel information in the documents solely for the purpose of performing the Work of the Contract and must not divulge this information to anyone without a need to know. Confidentiality of personnel information contained in the documents shall survive the completion or termination of the Contract subject to applicable state statutes.

3.6.3 Disposal

If at any time during the performance of the Contract or following completion or termination of the Contract, Contractor and/or its subcontractors chooses to dispose of Documents, disposal of Documents shall:

- a) comply with any retention requirements of the agreement, and
- b) shall be in a manner such that documents or information in the Documents is unable to be read, interpreted, reproduced, copied or duplicated in any fashion.

3.6.4 Access/Retention

During the term of the Contract or following completion or termination of the Contract the Contractor and its Subcontractors, if any, shall maintain all accounting records and other documentation generated in performing the Work under the Contract.

Any duly authorized representative of the City, the State or a Federal Agency shall have access to all such information for the purpose of inspection, audit and copying during normal business hours. All such information shall be retained for five (5) years from the date of final payment and after all other pending matters under the Contract are closed including but not limited to litigation, claim, negotiation, audit or any other action involving the records.

This access shall be made available to the City or duly authorized agent and shall be considered incidental to the Scope of Work contained herein. As such, there shall be no additional compensation allowed the Contractor for maintaining this information and allowing the herein described access.

- 3.7 If Project is funded in any way utilizing Federal Funds the Contractor acknowledges that it may be required to submit to an audit of funds paid through the Contract and as may be conducted in accordance with provisions of the Office of Management and Budget Circular A-133 (Audit of States, Local Government and Non-Profit Organizations).

----- End of Section 3.0 -----

SECTION 4.0 – SCOPE OF WORK, SPECIFICATIONS

4.1 Project Scope of Work – General

The City of Cedar Rapids is seeking bids from qualified contractors to provide complete Demolition Services of buildings and associated materials at the Sinclair site. The Work to be performed under this project is to provide all-inclusive demolition services for two (2) large inter-connected concrete structures, one (1) steel bin structure, three (3) concrete accessory structures, old railroad grade materials, approximately 3,500 square yards of mixed material pavement (thickness varies 4" to 12") along with the associated parcel clean up. All structures and materials whether listed or not shall be completely removed within the designated work area. See attached map for reference.

The following list of items to remove may NOT be all-inclusive, however the DEMOLITION CONTRACTOR SHALL review the site prior to submitting their bid and be responsible for all materials.

1. Demolish all complete or partial structures within the designated work area – removal of all debris, ACM, HHW, foundations, footings and other materials as needed. This work shall include all items within the designated work area. See attached map for area outline.
2. Clear the entire area of concrete, asphalt or other materials used and described as mixed material pavement. The area has been estimated as approximately 3,500 square yards of materials (thickness varies 4" to 12"). The Contractor shall calculate the actual area and is responsible for ALL materials within the designated area.
3. Remove misc. debris, materials and trash within the designated area.
4. The designated area includes a portion of the abandoned railroad grade. All materials shall be removed as part of this project.
5. All existing storm drains shall be left in place and protected during the project.
6. The DEMOLITION CONTRACTOR is responsible for ALL utility disconnects for this project.
7. Additional buried materials discovered shall be removed as directed by the Project Manager. Additional tonnage cost for discovered materials shall only be allowed with written authorization of the Project Manager.
8. The designated area shall be left clean, free of all debris, materials and rough graded. Back fill as necessary to fill in voids from foundation or other material removal.
9. Install silt sock or silt fence as described and needed per the scope of work attached. Apply for any permits as required by regulation. Maintain all protection until project accepted by the City of Cedar Rapids.
10. Due to the schedule for other work to be completed a completion date of April 1, 2016 has been set for this project.
11. The Project Manager shall be notified immediately if there are other discoveries made during the project.

Invoicing for work completed may be submitted in three (3) increments. Payment #1 request may be submitted when all structures have been demolished and substantially removed from the site. Payment #2 request maybe submitted when the entire area has been cleared of debris, materials, backfilled and graded and as described in this RFB or other documents and the Project Manager (or designee) has accepted the completed project. Payment #3 (retainage) request may be submitted when all documents, lien releases and other requirements have been completed and accepted by the City of Cedar Rapids.

4.2 Estimated Quantities

Although the CITY has estimated the cost for this project, the CITY does not guarantee an exact quantity of work. Work under this project may be affected by factors such as environmental concerns and reimbursement eligibility. Actual quantities, whether lesser or greater than estimated, will not affect the firm fixed prices as bid and accepted for the term of the contract.

The Environmental Assessment Report from Stanley Consultants stated that **NO** ACM was identified in the structures to be demolished on this project. **The CONTRACTOR is required to bid the removal of ALL ACM and HHW whether accurately quantified on the Environmental Assessment Report or not.** The CONTRACTOR shall review all aspects of this project to ensure all materials, whether hazardous or not, are accounted for and bid accordingly. The price that is submitted on the Bid Submittal Form is all-inclusive.

The CONTRACTOR shall submit an all-inclusive firm fixed price for all portions of this project as described above. Additional line items are provided on the Bid Pricing Submittal Form for discoveries of septic tanks, cisterns and additional tonnage.

4.3 Scope of Work – **Remediation** – (if applicable) Asbestos and Hazardous Materials Abatement

The Remediation Contractor (if applicable) (hereinafter "CONTRACTOR OR REMEDIATION CONTRACTOR") shall, at its sole cost and expense, provide, perform and complete in the manner described and specified in this Request for Bid all necessary work, labor, services, transportation, equipment, materials, apparatus, information, data and other items necessary to accomplish the Project as defined below, in accordance with the Scope of Work (hereinafter "Work"). The

Work will also include procuring and furnishing all approvals and authorizations, permits, and certificates and policies of insurance as specified herein necessary to complete the Project.

Remediation (if applicable) is being performed in preparation for total building demolition. The buildings have been determined structurally sound and fully accessible and pose no known safety risks to workers besides what has been identified in the Environmental Assessment Reports.

Once the REMEDIATION CONTRACTOR has received the Assessment Reports, it is expected that the Contractor will remediate ALL structures within two (2) weeks after the Iowa DNR notification is submitted. Invoicing for each structure SHALL occur immediately after the structure is remediated.

Stanley Consultants, Inc. has performed the Environment Assessments and the remediation specifications identifying types of hazardous materials and their locations in the structures.

The Work to be performed by the REMEDIATION CONTRACTOR shall include abatement of asbestos containing materials (ACM), CFC Containing compounds, Brown goods, White Goods, (HHW) Chemicals, Fluorescent Lamps and PCB Ballasts, Mercury Containing Devices, special/hazardous material removal, decommissioning, cleanup, removal and disposal of materials.

The REMEDIATION CONTRACTOR (if applicable) performing the remediation work must hold an Iowa Asbestos Contractors Permit and all staff performing work within the regulated work area (hot zone) must have an Iowa Asbestos Supervisor or Worker license. The remediation work must be performed by the contractor possessing the Asbestos Abatement Contractors License. An asbestos licensed Contractor/Supervisor must be onsite at all times during remediation.

Step #1: Pre-abatement Visual Inspection – Prior to asbestos remediation efforts, the ENVIRONMENTAL ASSESSMENT CONTRACTOR shall conduct a joint visual inspection with REMEDIATION CONTRACTOR to confirm and document quantities to be removed and to ensure all required engineering controls have been established and are in working order. A pre-abatement checklist shall be completed and approved by both the ENVIRONMENTAL ASSESSMENT CONTRACTOR and REMEDIATION CONTRACTOR prior to abatement.

Step#2: Remediation of all asbestos containing materials and hazardous wastes (HW) as indicated in the Environmental Assessment Reports. Should previously undetected quantities of ACM and hazardous materials be discovered, work shall stop and the REMEDIATION CONTRACTOR shall immediately notify the PROJECT MANAGER. The PROJECT MANAGER shall have the ENVIRONMENTAL ASSESSMENT CONTRACTOR re-inspect the structure and determine if further abatement is warranted. No quantities shall be changed unless the ENVIRONMENTAL ASSESSMENT CONTRACTOR agrees to the item(s) in question in writing.

All ACM and HHW shall be disposed of in accordance with the Cedar Rapids Linn County Solid Waste Agency requirements. Refer to Section 4.14 for further details and requirements for Friable ACM disposal.

Step #3: Post-Abatement Visual Inspection - Upon completion of remediation, the ENVIRONMENTAL ASSESSMENT CONTRACTOR shall conduct a visual inspection to ensure the REMEDIATION CONTRACTOR has properly and completely removed all asbestos containing materials and HW identified in the assessment report. A post-abatement checklist shall be completed and signed-off on by both the ENVIRONMENTAL ASSESSMENT CONTRACTOR and REMEDIATION CONTRACTOR prior to removal of engineering controls. Thorough documentation is required of environmental remediation efforts performed including regulatory notifications, asbestos abatement personnel certifications, Physician's Written Opinion, respirator fit test documentation, daily project logs, containment logs, and uniform waste manifests for each structure remediated. A detailed listing of the materials removed shall be provided with a confirmation signature of the ENVIRONMENTAL ASSESSMENT CONTRACTOR. The REMEDIATION CONTRACTOR shall complete a 'Letter of Certification' stating that they have removed all ACM/HHW as per the ENVIRONMENTAL ASSESSMENT CONTRACTOR'S report and provide it to the PROJECT MANAGER within one (1) business day of completion and prior to invoicing.

Asbestos Removal Equipment/Materials

A sufficient quantity of HEPA filtration units equipped with multi-stage HEPA filtration and operated in accordance with ANSI standards (local exhaust ventilation requirements) and EPA guidance document EPA 560/5-43-002 Guidance for Controlling Friable Asbestos - Containing Materials in Buildings Appendix F. Recommended Specifications and Operating Procedures for the Use of Negative Pressure Systems for Asbestos Abatement shall be utilized so as to provide at least one workplace air change every fifteen (15) minutes. Each HEPA filtration machine must have a minimum of 900 to 2000 CFM capacity. A minimum of -0.02 column inches of water pressure differential, relative to outside pressure, shall be maintained within the NPE as evidenced by continuously recorded manometer print-out.

A sufficient supply of HEPA filtered vacuum systems shall be available during ACM removal and cleanup.

Respiratory protection in compliance with applicable OSHA regulations shall be provided. For Class 1 asbestos work, the abatement workers and supervisors shall wear, at minimum, powered air-purifying respirators with appropriate HEPA filters until such time that personal and short term excursion limit samples show airborne asbestos levels of 0.3 f/cc or less. After these levels are achieved, respiratory protection may be downgraded to ½ face negative pressure respirators. If airborne asbestos levels reach a level of over 0.3 F/cc, PAPR's must again be used.

Full body disposable protective clothing, including head, body and foot coverings (unless using reusable/cleanable footwear) consisting of material impenetrable by asbestos fibers (Tyvek or equivalent) shall be provided to authorized visitors in sizes adequate to accommodate movement without tearing.

Additional safety equipment (e.g. hard hats meeting the requirements of ANSI Standard Z87.1-1981, eye protection meeting the requirements of ANSI Standard Z87.1-1979, safety shoes meeting the requirements of ANSI Standard Z41.1-1967, disposable PVC gloves), as necessary, shall be provided to all workers and authorized visitors.

Scaffolding erected for removal shall conform to requirements contained in OSHA 29 CFR 1926, Subpart L. The Contractor will ensure that a "competent person", as defined by OSHA 29 CFR 1926.450, is present to inspect scaffolding during each day of project activity.

Non-skid footwear shall be provided to all abatement workers. Disposable clothing shall be adequately sealed to the footwear to prevent body contamination. A sufficient supply of disposable mops, rags and sponges for regulated area decontamination shall be available.

A sufficient supply of scaffolds, ladders, lifts and hand tools (e.g. scrapers, wire cutters, brushes, utility knives, wire saws, etc.) shall be provided as needed and shall be erected or set-up and maintained in a safe manner.

Sprayers with pumps capable of providing 500 pounds per square inch (psi) at the nozzle tip at a flow rate of two gallons per minute for spraying amended water shall be used.

Rubber or plastic dustpans, shovels, and squeegees shall be provided for cleanup. Brushes utilized for removing loose asbestos containing material shall have nylon or fiber bristles, not metal.

Asbestos Removal Chemicals

Surfactant (wetting agent) shall be a 50/50 mixture of polyethylene ether and polyethylene ester, or equivalent, mixed in a proportion of one (1) fluid ounce to five (5) gallons of water or as specified by manufacturer. An equivalent surfactant shall be understood to mean a material with a surface tension of 29 dynes/cm as tested in its properly mixed concentration, using ASTM method D1331-56- "Surface and Interfacial Tension of Solutions of Surface Active Agents." Chemical Remover shall be suitable to aid in the removal of ACM. The chemical must not be solvent-based and be non-flammable.

Lockdown Chemicals

Encapsulation lockdown materials shall be bridging type. Encapsulant should not be solvent- based or utilize a vehicle (the liquid in which the solid parts of the encapsulant are suspended) consisting of hydrocarbons and shall be non-flammable. Encapsulant must be color tinted so that its application can be easily verified.

4.4 Scope of Work - Demolition

The Demolition Contractor (hereinafter "CONTRACTOR OR DEMOLITION CONTRACTOR") shall, at its sole cost and expense, provide, perform and complete in the manner described and specified in this Request for Bid all necessary work, labor, services, transportation, equipment, materials, apparatus, information, data and other items necessary to accomplish the Project as defined below, in accordance with the Scope of Work (hereinafter "Work"). The Work will also include procuring and furnishing all approvals and authorizations, permits, and certificates and policies of insurance as specified herein necessary to complete the Project.

The DEMOLITION CONTRACTOR shall complete or subcontract to a REMEDIATION CONTRACTOR for the abatement of any household hazardous waste discovered during the project. If the DEMOLITION CONTRACTOR is not legally licensed or capable of completing the remediation, the work shall be subcontracted.

Once the remediation has been completed and signed as completed by the ENVIRONMENTAL ASSESSMENT CONTRACTOR as applicable, the DEMOLITION CONTRACTOR shall complete the demolition process.

The DEMOLITION CONTRACTOR is responsible for all the demolition, debris removal and lot cleaning for this project. The area shall be left cleared of all debris and returned to a natural state. The DEMOLITION CONTRACTOR should take steps to avoid removing excessive dirt from the site during demolition activities. All demolition, lot cleaning, backfill and rough grade shall be completed and the final inspection approved prior to mobilizing of site. Final invoicing will not be accepted until the final inspection has been approved.

4.5 Treatment of Demolition Debris Containing Lead Based Paint

The U.S. Department of Labor's Occupational Safety and Health Administration (OSHA) have established standards to protect workers from overexposure to lead. OSHA'S Lead-in-Construction rule, contained in 29CFR1926.62, regulates work practices and procedures which SHALL be followed when working around lead. Lead Based Paint that has been tested by the ENVIRONMENTAL ASSESSMENT CONTRACTOR and reported to be above the OSHA action levels or LBP discovered during demolition will NOT be considered an extra or as a discovery item as the Solid Waste Agency doesn't charge additional or different pricing for this type of debris to be transported and disposed of. ALL LBP shall be part of the overall cost as bid.

4.6 Discovery Items (See also – Section 4.17, 'Archeology')

During demolition discoveries may be made that are archeologically sensitive. All work shall stop and the PROJECT MANAGER shall be notified. Non-Archeologically sensitive discoveries such as construction debris (C&D) shall be removed as part of this project.

Should discoveries be made or delays occur, demolition may not resume until the area has been cleared by the PROJECT MANAGER or the Archeologist. Additional charges or fees shall NOT be allowed for any delays or mobilization resulting from these discoveries.

4.7 Debris Monitoring

There is no contracted debris monitoring for this contract. The City of Cedar Rapids – Building Services Division and Public Works may have representatives on site during the demolition process making random inspections.

4.8 Storm Water Specifications

The DEMOLITION CONTRACTOR shall comply with all State requirements for Storm Water run-off. ALL Costs associated with this section and any applicable SWPPP permitting requirements SHALL be included in the Firm Fixed Pricing per address on Attachment D, Bid Pricing Submittal Form.

The DEMOLITION CONTRACTOR shall review the Pollution Prevention Plan attached and adhere to the specification and regulatory processes mandated accordingly. The DEMOLITION CONTRACTOR shall apply for any required permitting for this project. The DEMOLITION CONTRACTOR shall always use Best Management Practices (BMP's) to reduce the risk of run-off. The DEMOLITION CONTRACTOR shall protect all areas during the project.

The Public Works Department – Storm Water Division will be making random inspections during the demolition process. Additional BMPs will be called for as needed to correct deficiencies.

The DEMOLITION CONTRACTOR will be responsible for any run-off on to private property or the right-of-way for up to 120 days after the final inspection is completed or the until the site is turned over to the next contractor performing work on site.

4.9 Outbuildings / Fences / Misc. Debris

Outbuildings such as sheds, garages and other structures along with fences and other misc. debris shall be demolished and/or removed. The list provided above may NOT be all-inclusive therefore the DEMOLITION CONTRACTOR SHALL be solely responsible to review the area to ensure all items are removed prior to completion. The area shall be left clean and free of all debris and rough graded prior to departure.

4.10 Cleanup

All pieces, parts, scraps, debris, rubbish, wood and organic materials from a structure or part of a structure in the process of being demolished shall be cleaned up and removed from the premises daily. Final cleanup after the structure is demolished shall include complete and thorough removal from the premises of all parts or pieces of the building, its contents and its furnishing, including all debris, organic materials, rubbish, wood, concrete, and masonry rubble in their entirety; examples: Concrete or brick floors of basements, or of areaways, stairways, stairwells or depressed structures shall be completely removed. Concrete slabs on ground of basement-less buildings and foundations shall be broken up and removed from the site. All hazardous open pits and recesses shall be filled with thoroughly tamped earth or mortar; whichever is required to completely eliminate the hazard.

4.11 Backfilling, Finishing and Seeding

The DEMOLITION CONTRACTOR shall obtain inspection and approval from the PROJECT MANAGER or Designee prior to backfilling any excavations, holes or depressions on the demolition site. ALL Backfills SHALL be completed within five (5) business days after demolition is completed. Only weather related exceptions shall be allowed.

The CONTRACTOR may use the sand left on location (may be in sand bags) as fill during the backfill operations.

Excavations, cellar holes, basement removal, abandoned cisterns or other depressions in the wrecking site shall be filled and compacted with sand or earthen fill. Earthen fill is defined as well graded soil materials comprised of sand, silts, or clays, or combinations with suitable characteristics to permit placement and compaction to meet the requirements of the intended use. No materials of any type from the demolition site may be used for excavation, fill or other purpose, except for the sand as outline in item 4.11. All materials brought onto the site for any purpose must be from a previously used off-site borrow-pit.

Adjacent grades, when referred to in these specifications, means approximate existing elevation of the ground surrounding a basement, or other excavated or depressed area, at the distance of 5 feet outside the area, particularly when the existing ground has previously been graded up so as to slope away from the area. Stable, uniform grade for at least one hundred twenty days after the date when the job is reported "finished" is required. If the backfill materials were frozen when used or any other settling of the backfilled area occurs, causing unacceptable settling during the first one hundred twenty days after the ground is free of frost, the DEMOLITION CONTRACTOR shall remedy such settling by additional tamping, refilling, compacting and re-grading in conformance with the standards set forth in this section, shall repair or replace any structures, vegetation or topography which was destroyed, damaged, moved or changed in conjunction with, or by reason of, the wrecking operation. Such repairs, replacement or restitution shall be based upon and consistent with the grade, appearance and state of repair which existed prior to the start of the demolition work. The backfill as related to removal of structures shall be compacted to 95 percent of the maximum dry density as set forth in ASTM Test Method D698. Random QA/QC may be completed by the PROJECT MANAGER. DEMOLITION CONTRACTOR will provide for the service of an independent testing laboratory to perform required tests. Copies of documentation verifying these tests have been completed shall be submitted with the project invoices.

4.12 Final Grade and Seeding

This project will **NOT** require the CONTRACTOR to bring in top soil, final grade or seed the area. The area shall be rough graded for the removal of uneven areas only.

4.13 Sidewalks and Driveways

City sidewalks running parallel to the street and the driveway portion for the street to the sidewalk are to be left intact, however, if they are damaged during demolition, they are to be removed and replaced at the DEMOLITION CONTRACTOR's own expense. Private or approach walks and drives shall be removed. Damaged walks and aprons shall be noted by the PROJECT MANAGER prior to initiating demolition work. DEMOLITION CONTRACTOR will not be responsible for repairing documented pre-existing damage. Invoicing will not be accepted for processing on any parcel that repairs remain to be completed and accepted.

4.14 Landfill – Debris Disposal – (Remediation and Demolition)

Remediation - (if applicable)

The REMEDIATION CONTRACTOR (if applicable) shall deliver all **NON-Friable ACM** and HHW debris to the Cedar Rapids/Linn County Solid Waste Agency (AGENCY) landfill (site #2) as stated on the Cedar Rapids/Linn County Solid Waste Agency Fee Schedule (Attachment F). The schedule lists the type of debris material and the tipping fee for each item.

Non-Friable ACM and HHW including white goods are all accepted but shall be scheduled in advance for delivery.

The REMEDIATION CONTRACTOR (if applicable) shall deliver all **Friable ACM** debris to a licensed and certified landfill and recycling center that accepts Friable ACM. The CONTRACTOR'S designated landfill shall be listed on the bid submittal form.

The REMEDIATION CONTRACTOR (if applicable) will be required to complete and submit to the Cedar Rapids/Linn County Solid Waste Agency a Waste Debris Delivery, Disposal and Payment Contract prior to the initiation of this contracted work. Form(s) will be available from the Cedar Rapids/Linn County Solid Waste Agency. The REMEDIATION CONTRACTOR shall consult with AGENCY personnel regarding delivery schedules to AGENCY site.

ALL FRIABLE ACM SHALL be delivered to a legally licensed landfill that accepts Friable ACM and must be listed on Attachment E, Bid Pricing Submittal Form.

The REMEDIATION CONTRACTOR will be required to establish an account with the landfill and recycling center prior to the initiation of this contracted work for disposal of all friable ACM.

Demolition

This contract **REQUIRES** that the DEMOLITION CONTRACTOR recycle/salvage all steel, concrete and asphalt and deliver it to a pre-approved location other than the Cedar Rapids/Linn County Solid Waste Agency.

ALL construction debris (C&D) – **except RACM** – must be delivered to the Cedar Rapids/Linn County Solid Waste Agency, Site #2 at 1954 County Home Road, Marion, Iowa landfill facility.

Unrecyclable steel/concrete/asphalt must be reduced to the following:

- Steel: Three (3') feet or less in length
- Concrete: 3'x3'x1' or less in size

Unrecyclable steel/concrete/asphalt is defined as material that is compromised with other materials and cannot be separated. IE; foam panels glued to concrete walls, spray on insulation on steel beams that is not accepted by a recycler, etc.

Transportation costs to any/all sites must be included in the Firm Fixed Pricing on Attachment D, Bid Pricing Submittal Form.

Vegetation must be segregated from construction debris.

The DEMOLITION CONTRACTOR shall in writing disclose where all recycled materials are being disposed of.

The DEMOLITION CONTRACTOR will be required to complete and submit to the Cedar Rapids/Linn County Solid Waste Agency a Demolition Waste Debris Delivery, Disposal and Payment Contract accompanied with a Deposit, Payment Bond or Letter of Credit that is 5% of the estimated tonnage at \$38.00 per ton rate (price subject to change) for regular debris. Form(s) will be available from the Cedar Rapids/Linn County Solid Waste Agency. The DEMOLITION CONTRACTOR shall consult with AGENCY personnel regarding delivery schedules to AGENCY site.

4.15 Types of Debris, Debris Ownership and Hauling Responsibilities.

Remediation – (if applicable to this project)

Once the REMEDIATION CONTRACTOR (if applicable) begins activity on a site, all ACM and HHW is the responsibility of the CONTRACTOR and the CONTRACTOR is solely responsible for all aspects related to the proper handling and disposal per the EPA, Iowa DNR and the requirements stated in this Request for Bid.

Asbestos Containing Material (ACM)

The ENVIRONMENTAL REMEDIATION CONTRACTOR (if applicable) shall deliver all **NON-Friable ACM** debris to the Cedar Rapids/Linn County Solid Waste Agency (AGENCY) landfill (site #2) at 1954 County Home Road, Marion, as stated on the Cedar Rapids/Linn County Solid Waste Agency Fee Schedule (Attachment F). The schedule lists the type of debris material and the tipping fee for each item.

The REMEDIATION CONTRACTOR (if applicable) shall deliver all **Friable ACM** debris to a licensed and certified landfill and recycling center that accepts Friable ACM. Only friable ACM is required to be disposed of at a different licensed and certified landfill and recycling center that accepts Friable ACM. ALL OTHER ACM & HHW SHALL BE DISPOSED OF AT THE CEDAR RAPIDS/LINN COUNTY SOLID WASTE AGENCY, SITE #2.

Here, and in all other sections referencing quantities of ACM and all listed types of HHW removed, transported and disposed of, the use of Load Tickets, including the address from where originated, the GPS coordinates thereof and the disposal site shall be listed.

Hazardous Materials (HM) (if applicable) – Electronic (aka “Brown Goods”)

Remove electronics per ENVIRONMENTAL ASSESSMENT CONTRACTOR (if applicable) report.

Electronics may include computer equipment such as CPUs, keyboards, and monitors; printers; fax machines; VCRs; DVD players; stereo equipment; cell phones; clock radios; boom boxes; televisions. Electronics shall be delivered to Site #2. Fee Schedule: Attachment F

Hazardous Materials (HM) (if applicable) – White Goods (aka Appliances) and Tires

Remove white goods and automotive tires per the environmental assessment report inventory. White goods may include refrigerators, freezers, dryers, clothes washers, water heaters, stoves, dishwashers, dehumidifiers, microwaves, trash compactors, humidifiers, air conditioners. All CFC's shall be properly removed by a licensed Contractor and included in the lump sum cost proposal. White goods that have been significantly damaged (mangled, crushed, not upright, lines cut) must be accompanied by a written statement declaring how damage occurred, if known, before arriving at AGENCY.

REMEDICATION CONTRACTOR will clean out appliances, especially refrigerators and freezers, before delivering to the AGENCY or additional charges will be incurred by CONTRACTOR. Fee Schedule: Attachment F

Hazardous Materials (HM) (if applicable) – Chemicals, Thermostats, Batteries, Fluorescent Tubes

Remove HM identified per the environmental assessment report. Hazardous materials include drain cleaners, paint thinners, bleach, fertilizers, camp fuel, etc.; mercury thermostats; batteries; fluorescent tubes. Ammunition is not HM. Contact the Linn County Sheriff's Department for proper disposition. HM must be disposed at AGENCY site #2 at 1954 County Home Road, Marion. Fee Schedule: Attachment F

Demolition

Once the DEMOLITION CONTRACTOR begins activity on a site, all debris generated is the responsibility of the DEMOLITION CONTRACTOR and the DEMOLITION CONTRACTOR is solely responsible for all aspects related to the debris, including, but not limited to, the hauling and disposal of the debris. This includes all materials resulting from demolition unless otherwise specified in this scope of work. The City of Cedar Rapids, Iowa is the generator of the debris. The DEMOLITION CONTRACTOR has salvage rights to all demolition materials.

The DEMOLITION CONTRACTOR shall demolish the entire structure above the foundation the same day; no partial demolition of the above-foundation structure will be allowed. Once demolition starts, every effort must be made to raze the structure and remove all debris within the work day. Backfill can be delayed as long as the property is secured with fencing for a maximum of five (5) business days.

Demolition Material - Debris

The tipping fee charged by the Cedar Rapids/Linn County Solid Waste Agency for demolition debris is \$ 38.00 per ton (subject to change). The Contractor shall pay all tipping fees and disposal costs and the tipping fees shall be included in the firm fixed pricing on the Bid Pricing Submittal Form (Attachment D). All demolition debris that is not required to be recycled shall be taken to the landfill site #2 at 1954 County Home Road, Marion, Iowa, no exceptions.

Vegetation must be segregated from construction debris.

The DEMOLITION CONTRACTOR shall disclose in writing where all recycled materials are being disposed of on the Bid Pricing Submittal Form, Attachment D.

4.16 Transporting and Disposal (Remediation and Demolition)

Contractor acknowledges, represents and warrants to the City that it is familiar with all laws relating to disposal of the materials as stated herein and is familiar with and will comply with all guidelines, requirements, laws, regulations, and any other federal, state or local agencies or authorities.

Landfill scale tickets or approved disposal site load tickets are required to process billing statements by the Contractor.

Contractor acknowledges and understands that any disposal, removal, transportation or pick-up of any materials not covered in this scope of work shall be at the sole risk of the Contractor. Contractor understands that it will be solely responsible for any liability, fees, fines, claims, etc., which may arise from its handling of materials not covered by this scope of work.

Contractor is responsible for determining and complying with applicable requirements for securing loads while in transit and that all trucks shall have a solid tailgate made out of metal.

Contractor shall ensure that all loads are properly secured and transported without threat of harm to the general public, private property and public infrastructure.

Contractor shall ensure that all vehicles transporting debris are equipped with and use tarps or netting to prevent further spread of debris. All loads are required to be tarped.

4.17 Archeology

The sites are archeologically sensitive. The demolition footprint shall have minimal ground disturbance. In the event that archeological deposits (soils, artifacts and features such as cisterns, privies, alluvial wells and the like), or other remnants of human activity are uncovered, or if archeological deposits are found during demolition, the project will be halted immediately in the vicinity of the discovery, and the Contractor will take reasonable measures to avoid or minimize harm to finds. The Contractor will inform the Project Manager. The Project Manager will inform the lead Program Manager who may contact the State Historical Society of Iowa (SHSI). Work in the sensitive area cannot resume until a qualified archeologist determines the extent of the discovery, and the City has been notified by SHSI.

Cisterns- If discovery of a cistern takes place during demolition, Contractor shall notify the City's Project Manager or designee immediately, and all demolition stops until the City's Project Manager gives a notice to proceed with the demolition. Once the all clear has been given any liquid shall be pumped and the debris shall be removed and disposed of at site #2 as regular C&D.

Septic Tanks – If discovery of a septic tank takes place during demolition, the Contractor is required to have it pumped by a certified licensed pumping service, demolish all materials and remove all debris and then backfilled as stated in this RFB.

Should discoveries be made or delays occur, demolition may not resume until the area has been cleared by the Archeologist. Additional charges or fees shall NOT be allowed for any delays or mobilization resulting from these discoveries.

4.18 On-Site Work Hours

Hours of work must adhere to the City noise ordinance. In Commercial areas work may be performed during the hours of 6:30 am to 6:30 pm, Monday through Saturday, except as otherwise indicated. In Residential areas work may be performed during the hours of 7:00 am to 6:30 pm, Monday through Saturday, except as otherwise indicated. Landfill business hours are 7:00 am to 4:30 pm, Monday through Saturday. Weekday Extended Hours (COMMERCIAL AREAS ONLY): Until 8:00 pm. Notify City 24 hours in advance of extended hours work.

4.19 Utility Disconnects

The CONTRACTOR shall be responsible to disconnect all utilities connected to the project area. The City of Cedar Rapids will not complete any disconnects.

The City is unsure how many, if any, water and sewer disconnects there may be so these two utility disconnects have been included on the Pricing Submittal Form as discovery items. Written permission to disconnect any water or sewer lines must be obtained from the City's Project Manager prior to commencing the work.

Existing storm drains are to remain in place and functional. The CONTRACTOR SHALL protect each inlet to prevent infiltration of silt and debris throughout the project.

4.20 Compliance with Laws

The Contractor and all Subcontractors shall be responsible for compliance with all federal, state, county and municipal laws, ordinances, rules, standards and regulations related to structure demolition and removal, including, but not limited to, requirements of the Occupational Safety and Health Administration (OSHA), EPA and the Iowa DNR. These requirements include (but are not limited to) good demolition practices.

4.21 Observations of Operations and Site Activities

The City, the Iowa Department of Natural Resources and the United States Environmental Protection Agency have the right to allow their respective representatives to inspect any of the Contractor's operations, activities, and equipment. Notwithstanding the authority of a regulatory agency to conduct site visits as described above, it is the exclusive right of the City through its Project Manager to communicate contract directions, changes, and final acceptance to the Contractor.

The Contractor shall notify the PROJECT MANAGER within one (1) working day of any regulatory inspection performed. The Contractor shall notify the PROJECT MANAGER within one (1) working day of receipt of any citation issued by a regulatory agency to the Contractor or any of its agents or subcontractors relating to any work performed for this project.

This Project may be totally or partially funded by other involved entities. Those entities may have site monitor(s) present to observe and monitor demolition procedures at the worksite.

4.22 Submittals and Notices - Contractor Submittals Prior to Work

The REMEDIATION CONTRACTOR (if applicable) disposing of regulated waste must have a valid EPA identification Number for Regulated Waste Activity.

The REMEDIATION CONTRACTOR (if applicable) will file all documents required to obtain all necessary approvals of governmental authorities having jurisdiction over the Project, including arranging for, obtaining and executing of all abatement permits, notifications, and approvals required for lawful compliance with all State and Federal laws and regulations for this Scope of Work. Regulated asbestos abatement projects require a 10 working day notification to the Iowa DNR prior to the start of the abatement.

The REMEDIATION CONTRACTOR (if applicable) must hold an Asbestos Permit and have a licensed Contractor/Supervisor on site at all times. All staff performing work in the containment area (hot zone) must have worker licenses.

The REMEDIATION CONTRACTOR (if applicable) shall keep and provide upon PROJECT MANAGER's request any required documentation from a physician that all employees or agents who may be exposed to airborne asbestos in excess of the Permissible Exposure Limit have been medically monitored to determine whether they are physically capable of working while wearing the respirator without suffering adverse health effects. In addition, document that personnel have received medical monitoring as required in OSHA 29 CFR 1910.1001 (j). The CONTRACTOR must be aware of and provide information to the examining physician about unusual conditions in the workplace environment (i.e., high temperatures, humidity, and chemical contaminant) that may impact the exposure.

The Contractor will be required to complete and submit to the IDNR-Notification of Remediation and Demolition/Renovation (DNR Form 542-1476) no less than ten (10) working days prior to the commencement of both remediation and demolition activities.

The CITY's Building Services Division will provide the CITY demolition permit application with pertinent information to include what utilities if any have been disconnected prior to the project commencing. **The CONTRACTOR SHALL Pay all fees associated with a Demolition Permit for each address on this project.**

Submit proof to the PROJECT MANAGER that required permits have been obtained and that disposal site location and arrangements for transportation waste materials have been made. If a separate transporter (other than the Contractor) is to be employed to transport the waste to the landfill, copies of the transporter's licenses and permits shall be submitted to PROJECT MANAGER. ALL subcontractors to be used shall be documented in accordance with Attachment A-General Terms and Conditions, titled SUBCONTRACTING.

Submit documentation to the Project Manager that the Contractor is properly registered in the State of Iowa.

Submit a copy of your Standard Operation Procedures for Remediation and Demolition and your Health and Safety Program.

4.23 Standards

Each entity engaged in any part of the Project is required to be familiar with industry standards applicable to that entities' construction activity. The Contractor shall maintain work sites to appropriate use standards, safety standards, and regulatory requirements. Copies of applicable standards are not bound with the Contract Documents. Where copies of standards are needed for performance of a required construction activity, the CONTRACTOR shall obtain copies directly from the publication source. Although copies of standards needed for enforcement of requirements may be part of required submittals, the Project Manager reserves the right to require the Contractor to submit additional copies as necessary for enforcement of requirements. Copies of applicable standards shall be readily available at the project job site.

4.24 Pre Demolition Conference

Before Work is started, a conference attended by the City's PROJECT MANAGER, the DEMOLITION CONTRACTOR and others as appropriate will be held to:

- a. Inspect and discuss condition of construction to be demolished.
- b. Review and finalize building demolition schedule and verify availability of demolition personnel, equipment, and facilities needed to make progress and avoid delays.
- c. Review and finalize protection requirements.
- d. Review procedures for noise control and dust control.

4.25 Preparatory Operations

Before the start of the demolition job, the Contractor shall take a number of steps to safeguard the health and safety of workers in accordance with all Federal, State and Local regulations at the job site. A competent person, experienced in all phases of demolition work including safety issues shall perform the planning work. A suitable location shall be designated at the job site with written plans/procedures, emergency information and equipment. Employees shall be trained in evacuation procedures in the event of workplace emergencies.

4.26 Medical Services and First Aid

Contractor shall make provisions for prompt medical attention in case of serious injury. The location and the most direct accessible route to the nearest hospital and the telephone numbers of the hospital and the ambulance must be posted at the job site. (Exception: If it is practically infeasible to post required information in accordance to this section, it must be identifiable and readily available for all onsite workers). A proper First Aid kit and proper equipment for prompt transportation of an injured employee, as well as a communication system to contact an ambulance must be available at the job site.

4.27 Fire Prevention and Protection

Install and maintain temporary fire-protection facilities of types needed to protect against reasonably predictable and controllable fire losses. Comply with NFPA 241.

Smoking shall be prohibited in construction areas.

All welding or cutting operations, combustion-type temporary heating units, and similar sources of fire ignition shall be supervised according to requirements of authorities having jurisdiction and Hot Work Plan.

The Contractor is responsible for developing and supervising a fire protection program and for providing the necessary firefighting equipment at the job site. This program shall outline the assignments of essential personnel in case of a fire and provide an evacuation plan for workers on the site. The program shall contain provisions for securing hot work permits and instructions for shutting down all burning and hot work operations one hour before the end of the work shift. Review needs with local fire department and establish procedures to be followed. The Cedar Rapids Fire Department must be called for all fires. Instruct personnel in methods and procedures. Post warnings and information.

4.28 Contractor's employees shall possess a certificate of completion showing that said person has successfully completed a ten-hour Occupational Safety and Health Administration (OSHA 10) or a similar program for on-site employees which includes a course in construction safety and health approved by OSHA. Any on-site employee found on a work site subject to this section without documentation of the successful completion of the course required shall be afforded fifteen days to produce such documentation before being subject to removal from the project.

1. Every worker employed in the performance of work under this contract shall be certified as having completed an OSHA 10 safety training course. The clear intent of this provision is to require that all employees of public work contractors under this contract receive such training prior to performing any work on the project.
2. Contractor shall provide a copy of proof of completion of the OSHA 10 course to the City upon request. Proof of completion may include but is not limited to:
 - a) copies of bona fide course completion card;
 - b) training roster, attendance record or other documentation from the certified trainer pending the issuance of the card.
 - c) other valid proof

4.29 Property Damage

The Contractor shall be legally and financially responsible for all damages to public and private property, regardless of cause or fault. The Contractor shall have one lead individual per every work crew who is dedicated to resolving reports of property damage. Contractor shall maintain a log of property damage reports and their resolution, including dates for each damage report, pictures, contact information, and resolution. If public or private property, including trees and vegetation, is damaged by the Contractor and not repaired or resolved on a timely basis to the satisfaction of the City, the City has the option of having the damage repaired at the Contractor's expense to be reimbursed to the City or withheld from the Contractor's future payments. Invoicing will not be accepted for processing on any parcel whether city owned or private until the property owner of the damaged parcel has given written clearance and is accepted by the City.

4.30 Site Security

Prior to, or during demolition. If it is determined by the PROJECT MANAGER that a significant job site security and or safety risk exists, the following activities shall be required to be put in place by the Contractor. Otherwise, Contractor must at all times take reasonable or other contracted steps necessary to ensure that each job site is maintained in a safe, secure and clean condition until final completion and acceptance by the PROJECT MANAGER.

Pedestrian Protection. The work of demolishing any building shall not be commenced until pedestrian protection is in place as required by the International Building Code 2015 City of Cedar Rapids Municipal Code Chapter 33. Pedestrians shall be protected during construction, remodeling and demolition activities as required and signs shall be provided to direct pedestrian traffic.

Fencing. Temporary barricade type fence shall be erected prior to the commencement of demolition activities to prevent access by the public. Such fence shall be: (1) At least four feet high. (2) Consistently restrictive from top to grade. (3) Without horizontal openings or indentation wider than two inches. The fence shall be erected before demolition begins and shall not be removed until the backfill is completed.

Temporary Signs. Provide warning signs for site fencing as described above. Unauthorized signs are not permitted. The City of Cedar Rapids will provide and install project identification sign if necessary.

4.31 Temporary Use of Streets, Alleys and Public Property

Storage and Handling of Materials. The temporary use of streets or public property for the storage or handling of materials or of equipment required for construction or demolition, and the protection provided to the public shall comply with the provisions of the authority having jurisdiction and by the adopted International Building Code 2015 City of Cedar Rapids Municipal Code Chapter 33.

Pre-loading is permissible, but trucks, cargo boxes, roll-offs, trailers, and etc must be kept in a secured area and, if necessary, tarped for the public health and safety. The secured area may be located within perimeter of the demolition site or a designated location if the demolition area is not acceptable for overnight storage. The City's PROJECT MANAGER will have final approval regarding pre-loading and secure storage.

Obstructions. Construction materials and equipment shall not be placed or stored so as to obstruct access to fire hydrants, standpipes, fire or police alarm boxes, catch basins or manholes, nor shall such material or equipment be located within 20 feet (6096 mm) of a street intersection, or placed so as to obstruct normal observations of traffic signals or to hinder the use of public transit loading platforms.

4.32 Temporary Utility Installation

Temporary utility installation shall be preapproved by the City's PROJECT MANAGER.

4.33 Traffic Controls

- a. Protect existing site items to remain including curbs, pavement, and utilities.
- b. Maintain access for fire-fighting equipment and access to fire hydrants.
- c. Provide and operate temporary traffic control signals at designated intersections, and traffic control signage as needed for temporary closure of public roads and streets.
- d. The traffic control setup must follow the most recent version of the Cedar Rapids Metropolitan Area Standard.

Specifications and Standard Details and the most recent version of the Manual of Uniform Traffic Control Devices (MUTCD). If traffic modifications are required, the Contractor shall coordinate all activities with the City's Traffic Engineering Department (319-286-5176) prior to any traffic control setup. The City or Project Manager will give final approval of the locations and type of traffic controls needed.

4.34 Contractor's Employees

The Contractor agrees to staff each project with personnel experienced in the nature of the work and having appropriate training, skills, and required credentials to accomplish the work's objectives. The Contractor will maintain continuity of its staff assigned to the work to the fullest extent possible throughout the term of this Agreement.

The Contractor shall be equipped with the normal tools of their trade and shall furnish all labors, tools, and other items necessary for and incidental to executing and completing all required work.

The Contractor shall be responsible for providing protective gear and equipment to its agents and employees, and for ensuring its proper utilization under all current applicable OSHA regulations. Anyone in the secure demolition area must be wearing appropriate protective equipment at all times. This would include, but not be limited, to hard hats, steel toes and safety vests.

The Contractor will fully and sufficiently inform its staff of the nature of the work and the hazards inherent in performing the work, and shall inform its Subcontractors of the same.

The Work shall be performed in accordance with the requirements, standards, specifications and schedules set forth, and all applicable regulations or policies of the U. S. Environmental Protection Agency, Iowa Department of Natural Resources, Iowa Workforce Development Agency, OSHA or any other regulatory agency that has jurisdiction over the work. All regulatory or contractual interpretations shall be made by the applicable regulatory authority or the City and shall be final.

The Work shall be diligently and continuously performed in order that said work is completed within the time frame as specified by the City.

The Contractor shall only furnish employees who are properly licensed, competent and skilled for work under this contract.

Contractor's employees and sub-contractor employees shall each wear distinctive company clothing or hard hats with permanent markings identifying their respective employer at all times while within the project buildings and at all times while on site.

All employees of the Contractor shall be listed and this list provided to the Project Manager prior to starting any work.

If, in the opinion of the City or Project Manager, an employee of the Contractor is incompetent or disorderly, refuses to perform in accordance with the terms and conditions of the contract, threatens or uses abusive language while performing work, or is otherwise unsatisfactory, that employee shall be removed from all work under this contract immediately.

The Contractor shall provide a main phone number and a backup phone number that will be answered 24/7.

4.35 Contractor's Equipment

All equipment and vehicles utilized by the Contractor shall meet all the requirements of federal, state and local regulations including, without limitation, all USDOT, Iowa DOT and safety regulations, and are subject to the approval of the City. All loads must be secured and solid metal tailgates must be used on all loads. Sideboards must be sturdy and may not extend more than two feet above the metal sides of the truck or trailer. Trucks shall carry a supply of absorbent materials to be used to pick up any oil spilled from loading or hauling vehicles.

The Contractor shall furnish a complete and updated list identifying trucks, trailers and equipment that will be used in the transport of debris to the permanent disposal sites during the performance of the work under this project if requested by the City of Cedar Rapids. The listing shall include the following information;

- a. Truck and/or trailer license number.
- b. Year, make and color of each truck and/or trailer.
- c. Cubic yardage capacity of each trailer.

Each truck and trailer passing through disposal check points shall be identified by a Contractor's logo and an identifying number that ties the vehicle to the above information. Any vehicle not matching the above information or not containing other identification as may be required by the City shall not be paid for debris being transported.

Mobilization of all equipment (non-rubber tire) shall be done in a manner that will not create damage to the historically sensitive areas, city streets, curbs or city sidewalks. However off loading or crossing city streets may be accomplished by proper protection (IE; laying down tires, dirt berms, or other City or PROJECT MANAGER pre-approved protective measure).

----- End of Section 4.0 -----

SECTION 5.0 – BID EVALUATION AND AWARD

- 5.1 Award - Any award(s) made by the City of Cedar Rapids is subject to prior approval by the City of Cedar Rapids City Council.
- 5.1.1 Award shall be made to the responsible Bidder submitting the lowest responsive bid with regard to the specifications set forth herein. The City reserves the right to accept or reject any or all bids; to request rebids; to award bids item-by-item, by groups or lump sum; and to waive technicalities and formalities where it is deemed advisable in protection of the best interests of the City.
- 5.1.2 If the evaluation team determines that the project should be awarded, the process shall be as follows:
- The evaluation team shall determine which responsible Bidder has submitted the lowest responsive bid.
 - For projects equal to or greater than \$50,000, the City Council shall consider a resolution awarding the contract and authorizing the City Manager to sign the Contract on behalf of the City. **Note**, as provided for by Section 4.03 of the Cedar Rapids Municipal Code, no Contract shall be deemed to be created and exist, unless and until the City Council adopts a resolution awarding the project and authorizing the City Manager to sign the Contract.
 - The City Manager executes the Contract.
 - The City issues a purchase order to the Contractor. The purchase order shall constitute authorization for the Contractor to commence the Work.
- 5.1.3 If the evaluation team determines that all the bids received should be rejected, the Bidders shall be notified by the Purchasing Services Division accordingly. At that point, the City may, or may not, re-bid the project.
- 5.2 Award of bid shall be made to the lowest responsive and responsible Bidder(s) meeting the specifications set forth herein. In addition to the quoted price, the following is a partial list of the criteria that may be used in our determination of Contractor responsibility and responsiveness:
- Adherence to specifications;
 - Service as specified in these bid documents;
 - Company's reputation and financial status;
 - Company's ability to meet the City's Insurance Requirements;
 - Current lead-time quoted;
 - Past experience and service provided by Bidder;
 - Favorable references from firms with projects of similar scopes that indicate that the Bidder has the ability to carry out the Work and provide the products specified;
 - Strength of company's safety program and history.
- 5.3 The City of Cedar Rapids reserves the right to use both primary and secondary suppliers or to otherwise use multiple sources to protect the City's overall interests.
- 5.4 The Company must not have any unresolved performance issues with the City of Cedar Rapids. The Company's performance as a prime Contractor or subcontractor in previous City contracts shall be taken into account when evaluating the Company's submittal for this Request for Bid. The City may survey other local agencies during the bid evaluation period to make sure the Company does not have any unresolved or unsatisfactory performance issues. The City reserves the right to reject the Company's submittal based on its assessment of the Company's prior performance.
- 5.5 In case of tie bids, the City will make the award based on the priority factors as outlined in the City of Cedar Rapids Purchasing Policy Manual.

----- End of Section 5.0 -----

SECTION 6.0 – SUBMITTAL INSTRUCTIONS

DOCUMENTS TO BE SUBMITTED WITH THIS BID

1. Submit one (1) original and one (1) copy of the bid
2. General Company Information Form – Attachment C
3. Certification Regarding Ability to Obtain the Required Insurance – Attachment C
4. Signature Page Form – Attachment C
5. Affidavit of Drug Free Workplace – Attachment C
6. Equal Employment Opportunity/Non-Discrimination Policy Statement – Attachment C
7. Non-Collusion Affidavit – Attachment C
8. Bid Pricing Submittal Form – Attachment D
9. Bid Bond – Attachment E

----- End of Section 6.0 -----

ATTACHMENT A – STANDARD TERMS AND CONDITIONS

ACCELERATED PAY DISCOUNTS - Accelerated discounts should be so stated on the Signature Page. If quick pay discounts are offered, the City reserves the right to include that discount as part of the award criteria. Prices bid must, however, be based upon payment in net forty-five (45) days after receipt, inspection and acceptance. In all cases, quick pay discounts will be calculated from the date of the invoice or the date of acceptance, whichever is later.

ASSIGNMENT - The City and the Contractor each is hereby bound and the partners, successors, executors, administrators and legal representatives of the City and the Contractor are hereby bound to the other Party to the Contract and to the partners, successors, executors, administrators and legal representatives (and said assigns) of such other Party, in respect of all covenants, agreements and obligations of the Contract. Any assignment or attempt at assignment made without prior written consent of the City shall be void.

BID CURRENCY/LANGUAGE - All bid prices shall be shown in US Dollars (\$). All prices must remain firm for the duration of the contract regardless of the exchange rate. All bid responses must be submitted in English.

BID FORM - Each Bidder must submit an original bid and additional copies as required on the forms attached. The Bidder shall correctly sign the bid, and the bid may be rejected if it shows any omissions, alterations of the form, additions not called for in the bid, or any irregularities of any kind. In case of a discrepancy between the unit price and the extended price, the unit price shall prevail.

BID INFORMATION IS PUBLIC - All documents submitted with any bid shall become public documents and subject to Iowa Code Chapter 22, which is otherwise known as the "Iowa Open Records Law". By submitting any document to the City of Cedar Rapids in connection with a bid, the submitting party recognizes this and waives any claim against the City of Cedar Rapids and any of its officers and employees relating to the release of any document or information submitted. Each submitting party shall hold the City of Cedar Rapids and its officers and employees harmless from any claims arising from the release of any document or information made available to the City of Cedar Rapids arising from any opportunity.

BID REJECTION OR PARTIAL ACCEPTANCE - The City reserves the right to accept or reject any or all bids or parts thereof. The City further reserves the right to waive technicalities and formalities in bids, as well as to accept in whole or in part such bids where it is deemed advisable in protection of the best interests of the City.

CONFLICT OF INTEREST - Contractor represents, warrants, and covenants that no relationship exists or will exist during the Contract period between the Contractor and the City that is a conflict of interest. No employee, officer or agent of the Contractor shall participate in the selection or in the award if a conflict of interest, real or apparent, exists. The provisions of Iowa Code ch. 68B shall apply to the Contract. If a conflict of interest is proven to the City, the City may terminate the Contract, and Contractor shall be liable for any excess costs to the City as a result of the conflict of interest. The Contractor shall establish safeguards to prevent employees, consultants, or members of governing bodies from using their positions for purposes that are, or give the appearance of being, motivated by the desire for private gain for themselves or others with whom they have family, business, or other ties. The Contractor shall report any potential, real, or apparent conflict of interest to the City.

DISPUTES - Should any disputes arise with respect to the Contract; the Parties agree to act immediately to resolve such disputes. Time is of the essence in the resolution of disputes. The Contractor agrees that, the existence of a dispute notwithstanding, it will continue without delay to carry out all of its responsibilities under the Contract that are not affected by the dispute and the City shall continue to make payment for all work properly performed. Should the Contractor fail to continue to perform its responsibilities regarding all non-disputed work, without delay, any additional costs incurred by the City or the Contractor as a result of such failure to proceed shall be borne by the Contractor. The unintentional delayed payment by the City to the Contractor of one or more invoices not in dispute in accordance with the terms of the Contract will not be cause for Contractor to stop or delay Work.

FOB POINT AND FREIGHT/DELIVERY CHARGES - The FOB point, in terms of loss or damage, as well as where title to the goods is passed, shall be FOB-Destination. Freight/delivery charges are to be included in the quoted price of the goods, rather than as a separate line item.

FORCE MAJEURE - Force majeure shall be any of the following events: acts of God or the public enemy; compliance with any order, rule, regulation, decree, or request of any governmental authority or agency or person purporting to act therefore; acts of war, public disorder, rebellion, terrorism, or sabotage; floods, hurricanes, or other storms; strikes or labor disputes; or any other cause, whether or not of the class or kind specifically named or referred to herein, not within the reasonable control of the Party affected. A delay in or failure of performance of either Party shall not constitute a default hereunder nor be the basis for, or give rise to, any claim for damages, if and to the extent such delay or failure is caused by force majeure. The Party who is prevented from performing by force majeure shall be obligated, within a period not to exceed fourteen (14) days after the occurrence or detection of any such event, to give notice to the other Party setting forth in reasonable detail the nature thereof and the anticipated extent of the delay, and shall remedy such cause as soon as reasonably possible, as mutually agreed between the Parties.

INDEMNIFICATION - The Contractor shall, and hereby agrees to, protect, defend, indemnify and hold harmless the City of Cedar Rapids, its officers and employees, from any and all claims, settlements, judgments, and damages of every kind and nature made, to include all costs associated with the investigation and defense of any claim, rendered or incurred by or on behalf of the City, its officers, and employees, that may arise, occur, or grow out of any errors, omissions, or acts, done by the Contractor, its employees, or any independent Contractors working under the direction of either the Contractor in the performance of the Contract.

LAWS AND REGULATIONS - The Contract shall be governed, interpreted and enforced in accordance with all applicable federal, State of Iowa, and local laws, ordinances, licenses and regulations of a governmental body having jurisdiction and shall apply to the Contract throughout, as the case may be. The Contractor certifies that in performing the Contract they will comply with all applicable provisions of the federal, state, and local laws, regulations, rules, and orders.

METHOD OF AWARDING - The City reserves the right to make awards based on the entire bid or on an item by item basis. However if Contractor's bid is based on an "all or none" condition, the City may consider their bid non-responsive and reject the entire bid.

NO GIFT STANDARD - The City of Cedar Rapids is committed to upholding the highest ethical standards in all of its business practices. This standard recognizes the need to avoid even the perception of improper gifts or favors to employees. Therefore, all suppliers have been asked to abide by the City's "No Gift" standard. The "No Gift" standard also applies to all offers of discounts or free items at any place of business targeted toward a City employee and not available to the general public, regardless of the value.

NON-COLLUSION STATEMENT - Neither the Contractor, nor anyone in the employment of the Contractor, has employed any person to solicit or procure the Contract nor will the Contractor make any payment or agreement for payment of any compensation in connection with the Contract. There is no contract, agreement or arrangement, either oral or written, expressed or implied, contemplating any division of compensation for Work rendered under the Contract or participation therein, directly or indirectly, by any other person, firm or corporation, except as documented in the Contract. Neither the Contractor, nor anyone in the employment of the Contractor, has either directly or indirectly entered into any agreement, participated in any collusion or otherwise taken any action in restraint of free competitive procurement in connection with the Contract.

NON-DISCRIMINATION AND EQUAL OPPORTUNITY - All Contractors that engage in contracts with the City of Cedar Rapids, Iowa agree as follows: The Contractor will not discriminate against any employee or applicant for employment because of race, sex, color, creed, ancestry, national origin, marital status, families with children, religion, age, disability, sexual orientation, gender identity, genetic information, status with regard to public assistance, status as a veteran or any classification protected by federal, state, or local law, (Protected Classes) except where age and sex are essential bona fide occupational requirements, or where disability is a bona fide occupational disqualification. Such action shall include, but not be limited to the following; (a) Employment, (b) Upgrading, (c) Demotion or transfer, (d) Recruitment and advertising, (e) Layoff or termination, (f) Rate of pay or other forms of compensation, and (g) Selection for training, including apprenticeship. The Contractor further assures that managers and employees comply with both the spirit and intent of federal, state, and local legislation, government regulation, and executive orders in providing affirmative action as well as equal opportunity without regard to the protected classes, as stated above. The Contractor will include, or incorporate by reference, the provisions of the nondiscrimination clause in every contract or subcontract unless exempt by the rules, regulations or orders of the City's Affirmative Action Program and will provide in every contract or subcontract that said provision will be binding upon each Contractor.

REGULATORY AGENCY COMPLIANCE - Compliance with laws and regulations set forth by regulatory agencies is required. These agencies include, but are not limited to, OSHA - Occupational Safety & Health Agency, EPA - Environmental Protection Agency, ICC - Interstate Commerce Commission, DNR - Department of Natural Resources, and DOT - Department of Transportation. The City of Cedar Rapids expects that Contractors will offer expertise on conformance of regulations applying to the products they sell and the work they perform.

RIGHT TO PROTEST - Anyone wishing to file a protest concerning (1) the specifications, (2) the bid procedure or (3) the award of the contract must do so in writing in accordance with the City's Protest Procedure which is posted on the City's website at http://cedar-rapids.org/government/departments/purchasing/Documents/Protest%20Procedure_14.pdf

SAFETY DATA SHEETS - The Hazard Communication Standard (HCS) requires chemical manufacturers, distributors, and importers to ensure that each container of hazardous chemicals leaving the workplace is labeled, tagged, or marked and to provide Safety Data Sheets (SDS) to communicate the hazards of hazardous chemical products. It is the chemical supplier's responsibility to determine which products are covered and to provide SDS with the initial shipment. It is also the chemical supplier's responsibility to provide any updated or revised SDS, as they become available for any products sold and delivered to the City of Cedar Rapids. City of Cedar Rapids employees shall not accept a shipment of any chemical that does not have a SDS attached or currently on file.

SUBCONTRACTING - The Work relating to this Project, or any portion thereof, may not be subcontracted without written approval from the City. All approved Subcontractors shall be listed in the resulting contract or in a written amendment to the contract.

SPECIFICATIONS - Unless otherwise stated, every item provided in response to this Request for Bid shall be new, unused, and of current model under standard production by the manufacturer. Items shall be furnished complete with standard equipment and accessories as listed in the manufacturer's printed literature. Remanufactured, used, demonstrator models or refurbished items will not be accepted.

SUSPENSIONS AND DEBARMENT - The Contractor hereby certifies, pursuant to 48 CFR Part 9, that neither it nor its principles are presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in the Contract by any federal agency. The Contractor further certifies that it is not presently debarred, suspended, proposed for debarment, declared ineligible, or voluntarily excluded from participation in any contracts with the City of Cedar Rapids or the State of Iowa.

TAXES - The City of Cedar Rapids is exempt from sales tax and certain other use taxes. Any charges for taxes from which the City is exempt will be deducted from invoices before payment is made. The Cedar Rapids Tax ID number is 42-6004336.

TERMINATION OF CONTRACT FOR CONVENIENCE - The City may terminate the Contract at any time by giving written notice to the Contractor of such termination and specifying the effective date thereof. In that event, all finished or unfinished Work, reports, materials(s) prepared or furnished by the Contractor under the Contract shall, at the option of the City, become its property. If the Contract is terminated by the City as provided herein, the Contractor shall be paid for all Work which has been authorized, provided, and approved up to the effective date of termination. The City will not be subject to any termination fees from the Contractor.

TERMINATION FOR CAUSE AND DEFAULT - If through any cause, the Contractor shall fail to fulfill in a timely and proper manner its obligations or if the Contractor shall violate any of the terms or conditions of the Contract, the City shall thereupon have the right to terminate the Contract by giving written notice to the Contractor of such termination and specifying the effective date of termination. In that event, and as of the time notice is given by the City, all completed Work, reports, and delivered materials shall, at the option of the City, become its property, and the Contractor shall be entitled to receive compensation for any satisfactory Work completed. Notwithstanding the above, the Contractor shall not be relieved of liability to the City for damage sustained by the City by virtue of breach of the Contract by the Contractor and the City may withhold any payments to the Contractor for the purpose of set off until such time as the exact amount of damages due the City are determined.

WARRANTIES – WORK - The Contractor shall perform Work for the City pertaining to the Project as set forth in the Contract. Contractor represents that the Work and all of its components shall be free of defects; shall be performed in a manner consistent with other Contractors in a similar industry and application; and shall conform to the requirements of the Contract.

Contractor shall be responsible for the quality, technical accuracy, completeness and coordination of all Work performed under the Contract. Contractor shall, promptly and without charge, provide all corrective Work necessary as a result of Contractor's acts, errors, or omissions with respect to the quality and accuracy of the Work.

Contractor shall be responsible for any and all damages to property or persons as a result of Contractor's acts, errors, or omissions, and for any losses or costs to repair or remedy any Work undertaken by City based upon the Work as a result of any such acts, errors, or omissions.

Contractor's obligations shall exist without regard to, and shall not be construed to be waived by, the availability or unavailability of any insurance, either of City or Contractor.

WARRANTIES – INTELLECTUAL PROPERTY - Contractor represents and warrants that all the materials, goods and work produced, or provided to the City pursuant to the terms of the Contract shall be wholly original with the Contractor or that the Contractor has secured all applicable interests, rights, licenses, permits or other intellectual property rights in such materials, goods and work. The Contractor represents and warrants that the materials, goods and work, and the City's use of same, and the exercise by the City of the rights granted by the Contract shall not infringe upon any other work or violate the rights of publicity or privacy of, or constitute a libel or slander against, any person, firm, or corporation. Contractor further represents and warrants that the materials and works do not infringe upon the copyright, trademark, trade name, trade dress patent, statutory, common law or any other rights of any person, firm or corporation or other entity. The Contractor represents and warrants that it is the owner of or otherwise has the right to use and distribute the goods and work contemplated by the Contract.

----- End of Attachment A -----

Section I – Basic Insurance Requirements

Contractor, at its own expense, shall procure and maintain during the life of this Contract, the following insurance so as to cover all risk which shall arise directly or indirectly from Contractor's obligations and activities.

General Liability Insurance Contractor shall carry the most recently approved ISO Commercial General Liability Insurance policy, or its equivalent, written on an occurrence-basis, with limits not less than \$1,000,000 per occurrence/ \$2,000,000 general aggregate for Bodily Injury and Property Damage, including the following coverages:

- Premises and Operations Coverage
- Contractual Liability
- Products and Completed Operations Coverage
- Broad Form Property Damage Liability
- Personal Injury Liability
- Sudden and Accidental Pollution Liability

Automobile Liability Insurance with a combined single limit of at least \$1,000,000 per occurrence for bodily injury and property damage. Coverage shall include all owned, hired, and non-owned motor vehicles used in the performance of this contract by the Contractor or its employees.

Workers Compensation and Employers Liability Insurance meeting the relevant Workers Compensation Statutes.

Pollution Liability Insurance with limits of at least \$1,000,000 per occurrence. Coverage shall include claims for bodily injury, property damage, environmental damage and cleanup expenses (including investigation, removal, remediation, monitoring and disposal) of any spill, release, discharge or dispersal arising out of Contractor's (including its employees and subcontractors) Work. This insurance will not exclude or limit coverage for asbestos, lead, or mold and will affirmatively include non-owned disposal site coverage, transportation, loading and unloading of waste or materials generated by the Contractor's Work at the job site.

THREE (3) ENDORSEMENTS REQUIRED:

1. Additional Insured Endorsement:

Except for Workers' Compensation and Professional Liability, the policies shall include the City Additional Insured Endorsement of: The City of Cedar Rapids, Iowa, including all its elected and appointed officials, all its employees and volunteers, all its boards, commissions and/or authorities and their board members, employees, and volunteers, are included as additional insureds with respect to liability arising out of the Insured's work and/or services performed for the City of Cedar Rapids, Iowa. This coverage shall be primary to the additional insureds, and not contributing with any other insurance or similar protection available to the additional insureds, whether available coverage be primary, contributing, or excess.

2. Non-Waiver of Governmental Immunities Endorsement (Iowa):

a. **Non-waiver of Government Immunity** The insurance carrier expressly agrees and states that the purchase of this policy and the including of the City of Cedar Rapids, Iowa as an Additional Insured does not waive any of the defenses of governmental immunity available to the City of Cedar Rapids, Iowa under Code of Iowa Section 670.4 as it now exists and as It may be amended from time to time.

b. **Claims Coverage** The insurance carrier further agrees that this policy of insurance shall cover only those claims not subject to the defense of governmental immunity under the Code of Iowa Section 670.4 as it now exists and as may be amended from time to time.

c. **Assertion of Government Immunity** The City of Cedar Rapids, Iowa shall be responsible for asserting any defense of governmental immunity, and may do so at any time and shall do so upon the timely written request of the insurance carrier. Nothing contained in this endorsement shall prevent the carrier from asserting the defense of governmental immunity on behalf of the City of Cedar Rapids, Iowa.

d. **Non-Denial of Coverage** The insurance carrier shall not deny coverage under this policy and the insurance carrier shall not deny any of the rights and benefits accruing to the City of Cedar Rapids, Iowa under this policy for reasons of governmental immunity unless and until a court of competent jurisdiction has ruled in favor of the defense(s) of governmental immunity asserted by the City of Cedar Rapids, Iowa.

e. **No Other Change in Policy** The insurance carrier and the City of Cedar Rapids, Iowa agree that the above preservation of governmental immunities shall not otherwise change or alter the coverage available under the policy.

3. Cancellation and Material Changes Endorsement

Thirty (30) days Advance Written Notice of Cancellation, Non-Renewal, Reduction in insurance coverage and/or limits and ten (10) days written notice of non-payment of premium shall be sent to:

City of Cedar Rapids
Finance Department – Purchasing Services Division
101 First Street SE
Cedar Rapids IA 52401

(Please note that the City does accept a signed letter on the agent's letterhead, from the insured's insurance agent, confirming that the agent will provide notice as indicated above.)

Section II – Conditions of Contract

The Contractor is required to purchase and maintain insurance coverage to protect the Contractor and City of Cedar Rapids throughout the duration of this Contract as enumerated above in the minimum limits above written and the requirement shall be a part of the Contract. Failure on the part of the Contractor to maintain this insurance in full effect will be treated as a failure on the part of the Contractor to comply with these requirements and be considered sufficient cause to suspend the work, withhold payment(s), and/or be disqualified in the future.

The insurance policies shall be issued by insurers authorized to do business in the State of Iowa and currently having an A.M. Best Rating of "B+" or better. All policies shall be occurrence form. If Professional Liability coverage is written on a claims made policy form, the certificate of insurance must clearly state coverage is claims made and coverage must remain in effect for at least two years after final payment with the Contractor continuing to furnish the CITY certificates of insurance.

The Contractor shall be responsible for deductibles and self-insured retentions in the Contractor's insurance policies.

The Contractor is required to give the City notice of any change in coverage, specifically, any reduction in coverage and cancellation of coverage no less than thirty (30) days prior to the effective date of any non-renewal or cancellation of any policies required by the Contract.

The City intends to be an Additional Insured with coverage being primary and not contributing with any other insurance or similar protection available to the City whether any other coverage is primary, contributing or excess.

In the case of any work sublet, the Contractor shall require subcontractors and independent contractors working under the direction of either the Contractor or a subcontractor to carry and maintain the same workers compensation and liability insurance required of the Contractor.

Section III – Contract Approval

A Certificate of Insurance is required evidencing all required insurance coverage as provided above with any required endorsements attached so as to evidence their inclusion in the coverage. The Certificate of Insurance is due before the Contract can be approved. The following format is required:

List Demolition Services of Buildings and Associated Materials – Sinclair Site, RFB #PUR1115-098, as the Scope of Work the certificate covers in the Description of Operations section.

The following address must appear in the Certificate Holder section:

City of Cedar Rapids
Finance Department – Purchasing Services Division
101 First Street SE
Cedar Rapids IA 52401

The Producer's contact person's name, phone number and e-mail address is required.

Certificates may be sent by e-mail (j.lehman@cedar-rapids.org), fax (888-815-3659), mail or delivery to the attention of Judy Lehman.

AFFIDAVIT OF DRUG FREE WORKPLACE

We, the undersigned Bidder understand that the City of Cedar Rapids seeks to enhance worker safety by creating workplaces that are free of drugs and substance abuse, and that all contractor and subcontractors working on City projects will be responsible for the pre-employment drug screening of all of their employees to be assigned to City projects.

We, the undersigned Bidder state that our firm has in place a drug and alcohol testing policy that conforms to the requirements of Iowa Code Section 730.5 "Private sector drug free workplaces" and "A Guide to Workplace Testing in Iowa", latest update. Random testing is and shall be conducted in conformance with Iowa Code Section 730.5 – 8.a.

We further state that our company drug testing program, and those of our subcontractors, if we are awarded the contract for the work, do or shall meet the requirements of this paragraph. This affidavit will be included in the Contract by reference.

I hereby certify that the above information is true and correct and that the City may rely on the information provided.

EQUAL EMPLOYMENT OPPORTUNITY/NON-DISCRIMINATION POLICY STATEMENT

1. This is to affirm that _____ (hereinafter referred to as the Contractor) has a policy of Non-Discrimination and providing Equal Opportunity to all employees and applicants for employment in accordance with all applicable Equal Employment Opportunity/Affirmative Action laws, directives and regulations of Federal, State and Local governing bodies or agencies thereof, and specifically Iowa Statutes.
2. The Contractor, will not discriminate against any employee or applicant for employment because of race, creed, color, sex, religion, national origin, age, marital status, status with regard to public assistance, sexual orientation, handicap, or status as a disabled veteran or a veteran of the Vietnam era, except where age and sex are essential bona fide occupational requirements, or where handicap is a bona fide occupational disqualification.
3. The Contractor will take Affirmative Action to ensure that all employment practices are free of such discrimination. Such employment practices include, but are not limited to, the following: hiring, upgrading, demotion, transfer, recruitment or recruitment advertising, selection, layoff disciplinary action, termination, rates of pay or other forms of compensation and selection for training, including apprenticeship. The Contractor further assures that managers and employees comply with both the spirit and intent of federal, state, and local legislation, government regulation, and executive orders in providing affirmative action as well as equal opportunity.
4. The Contractor will use its best efforts to afford minority and female business enterprises with the maximum practicable opportunity to participate in the performance of subcontracts for construction projects that this employer engages in.
5. The Contractor will commit the necessary time and resources, both financial and human to achieve the goals of Equal Employment Opportunity and Affirmative Action.
6. The Contractor fully supports incorporation of nondiscrimination and Affirmative action rules and regulations into contracts.
7. The Contractor, or his collective bargaining representative, will send to each labor union or representative of workers with which he has a collective bargaining agreement or other Contract or understanding, a notice advising the said labor union or workers' representatives of the Contractor s' commitments under this selection.
8. The Contractor will evaluate the performances of its management and supervisory personnel on the basis of their involvement in achieving the Affirmative Action objectives as well as other established criteria. Any employee of this organization or subcontractor to this employer, or to who does not comply with the Equal Employment Opportunity policies and procedures as set forth in this Statement and Plan will be subject to disciplinary action. Any subcontractor not complying with applicable Equal Employment Opportunity/ Affirmative Action laws, directives and regulations of the Federal, State, and Local governing bodies or agencies thereof, specifically Iowa statutes, will be subject to appropriate legal sanctions.
9. The Contractor has appointed the following individual to manage the Equal Employment Opportunity activities and reporting the effectiveness of this Affirmative Action program, as required by Federal, State, and Local agencies. An official for the Contractor will receive and review reports of the progress of the program. If any employee or applicant for employment believes he/she has been discriminated against, please contact the following:

ATTACHMENT D – BID PRICING SUBMITTAL FORM, RFB #PUR1115-098

Having examined the specifications, the bid documents, all associated reference materials, the sites of the proposed work, and being familiar with all of the conditions surrounding the work of the proposed project, including availability of equipment and labor, the Bidder hereby proposes to perform in accordance with the specifications in this Request for Bid for the firm fixed prices stated below for each portion and each parcel.

After given written notice to proceed, the Contractor shall be mobilized onsite and commence work as identified in this bid document within ten (10) days and to fully complete the work in the contractual period of time allotted.

Bidders shall submit firm fixed prices as requested on this Bid Pricing Submittal Form, Attachment D. The prices shall include mileage, insurance, gas, maintenance, labor, administrative costs, office and warehouse costs, equipment, mobilization, demobilization and all other expenses necessary to complete the referenced project according to "normal" industry standards per the specifications, exclusive of all taxes. This contract will not waive tipping fees, landfill charges, or other disposal costs.

The Bidder acknowledges that they have reviewed this RFB, all associated reference materials, along with all remediation & demolition requirements associated. The Contractor is responsible for ALL storm water pollution prevention requirements, Remediation, Demolitions, Debris Removal, Back fill, Topsoil, Grading, Seeding and maintaining the site for 120 days after completion or as specified in the RFB Document. This project is considered an all-inclusive for both remediation & demolition as written. These prices SHALL include any removal of LBP (Lead Based Paints) found before or during demolition along with ALL SWPPP costs associated with each parcel.

- (2) Any singular reference to Bidder, Surety, OWNER or other party shall be considered plural where applicable.
1. Bidder and Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to pay to OWNER upon default of Bidder the penal sum set forth on the face of this Bond.
 2. Default of Bidder shall occur upon the failure of Bidder to deliver within the time required by the Bidding Documents (or any extension thereof agreed to in writing by OWNER) the executed Agreement required by the Bidding Documents and any performance and payment Bonds required by the Bidding Documents.
 3. This obligation shall be null and void if:
 - 3.1. OWNER accepts Bidder's Bid and Bidder delivers within the time required by the Bidding Documents (or any extension thereof agreed to in writing by OWNER) the executed Agreement required by the Bidding Documents and any performance and payment Bonds required by the Bidding Documents, or
 - 3.2. All Bids are rejected by OWNER, or
 - 3.3. OWNER fails to issue a Notice of Award to Bidder within the time specified in the Bidding Documents (or any extension thereof agreed to in writing by Bidder and, if applicable, consented to by Surety when required by paragraph 5 hereof).
 4. Payment under this Bond will be due and payable upon default by Bidder and within 30 Calendar Days after receipt by Bidder and Surety of written notice of default from OWNER, which notice will be given with reasonable promptness, identifying this Bond and the Project and including a statement of the amount due.
 5. Surety waives notice of and any and all defenses based on or arising out of any time extension to issue Notice of Award agreed to in writing by OWNER and Bidder, provided that the total time for issuing Notice of Award including extensions shall not in the aggregate exceed 120 days from Bid due date without Surety's written consent.
 6. No suit or action shall be commenced under this Bond prior to 30 Calendar Days after the notice of default required in paragraph 4 above is received by Bidder and Surety and in no case later than one year after Bid due date.
 7. Any suit or action under this Bond shall be commenced only in a court of competent jurisdiction located in the state of Iowa.
 8. Notices required hereunder shall be in writing and sent to Bidder and Surety at their respective addresses shown on the face of this Bond. Such notices may be sent by personal delivery, commercial courier or by United States Registered or Certified Mail, return receipt requested, postage pre-paid, and shall be deemed to be effective upon receipt by the party concerned.
 9. Surety shall cause to be attached to this Bond a current and effective Power or Attorney evidencing the authority of the officer, agent or representative who executed this Bond on behalf of Surety to execute, seal and deliver such Bond and bind the Surety thereby.
 10. This Bond is intended to conform to all applicable statutory requirements. Any applicable requirement of any applicable statute that has been omitted from this Bond shall be deemed to be included herein as if set forth at length. If any provision of this Bond conflicts with any applicable statute, then the provision of said statute shall govern and the remainder of this Bond that is not in conflict therewith shall continue in full force and effect.
 11. The term "Bid" as used herein includes a Bid, offer or proposal as applicable.

1. The CONTRACTOR and the Surety, jointly and severally, bind themselves, their heirs, Executors, administrators, successors and assigns to the OWNER for the performance of the Contract, which is incorporated herein by reference.
2. If the CONTRACTOR performs the Contract, the Surety and the CONTRACTOR have no obligation under this Bond, except to participate in conferences as provided in paragraph 3.1.
3. If there is no OWNER Default, the Surety's obligation under this Bond shall arise after:
 - 3.1. The OWNER has notified the CONTRACTOR and the Surety at the addresses described in paragraph 10 below, that the OWNER is considering declaring a CONTRACTOR Default and has requested and attempted to arrange a conference with the CONTRACTOR and the Surety to be held not later than fifteen days after receipt of such notice to discuss methods of performing the Contract. If the OWNER, the CONTRACTOR and the Surety agree, the CONTRACTOR shall be allowed a reasonable time to perform the Contract, but such an Agreement shall not waive the OWNER's right, if any, subsequently to declare a CONTRACTOR Default; and
 - 3.2. The OWNER has declared a CONTRACTOR Default and formally terminated the CONTRACTOR's right to complete the Contract. Such CONTRACTOR Default shall not be declared earlier than twenty days after the CONTRACTOR and the Surety have received notice as provided in paragraph 3.1; and
 - 3.3. The OWNER has agreed to pay the Balance of the Contract Price to:
 - 3.3.1. The Surety in accordance with the terms of the Contract;
 - 3.3.2. Another CONTRACTOR selected pursuant to paragraph 4.3 to perform the Contract.
4. When the OWNER has satisfied the conditions of paragraph 3, the Surety shall promptly and at the Surety's expense take one of the following actions:
 - 4.1. Arrange for the CONTRACTOR, with consent of the OWNER, to perform and complete the Contract; or
 - 4.2. Undertake to perform and complete the Contract itself, through its agents or through independent contractors; or
 - 4.3. Obtain bids or negotiated proposals from qualified CONTRACTORS acceptable to the OWNER for a Contract for performance and completion of the Contract, arrange for a Contract to be prepared for execution by the OWNER and the CONTRACTOR selected with the OWNER's concurrence, to be secured with performance and payment Bonds executed by a qualified surety equivalent to the Bonds issued on the Contract, and pay to the OWNER the amount of damages as described in paragraph 6 in excess of the Balance of the Contract Price incurred by the OWNER resulting from the CONTRACTOR Default; or
 - 4.4. Waive its right to perform and complete, arrange for completion, or obtain a new CONTRACTOR and with reasonable promptness under the circumstances;
 - 4.4.1. After investigation, determine the amount for which it may be liable to the OWNER and, as soon as practicable after the amount is determined, tender payment therefor to the OWNER; or
 - 4.4.2. Deny liability in whole or in part and notify the OWNER citing reasons therefor.
5. If the Surety does not proceed as provided in paragraph 4 with reasonable promptness, the Surety shall be deemed to be in default on this Bond fifteen days after receipt of an additional written notice from the OWNER to the Surety demanding that the Surety perform its obligations under this Bond, and the OWNER shall be entitled to enforce any remedy available to the OWNER. If the Surety proceeds as provided in paragraph 4.4, and the OWNER refuses the payment tendered or the Surety has denied liability, in whole or in part, without further notice the OWNER shall be entitled to enforce any remedy available to the OWNER.
6. After the OWNER has terminated the CONTRACTOR's right to complete the Contract, and if the Surety elects to act under paragraph 4.1. 4.2. or 4.3 above, then the responsibilities of the Surety

to the OWNER shall not be greater than those of the CONTRACTOR under the Contract, and the responsibilities of the OWNER to THE Surety shall not be greater than those of the OWNER under the Contract. To a limit of the amount of this Bond, but subject to commitment by the OWNER of the Balance of the Contract Price to mitigation of costs and damages on the Contract, the Surety is obligated without duplication for:

- 6.1. The responsibilities of the CONTRACTOR for correction of defective Work and completion of the Contract;
 - 6.2. Additional legal, design professional and delay costs resulting from the CONTRACTOR's Default, and resulting from the actions or failure to act of the Surety under paragraph 4; and
 - 6.3. Liquidated damages, or if no liquidated damages are specified in the Contract, actual damages caused by delayed performance or nonperformance of the CONTRACTOR.
7. The Surety shall not be liable to the OWNER or others for obligations of the CONTRACTOR that are unrelated to the Contract, and the Balance of the Contract Price shall not be reduced or set off on account of any such unrelated obligations. No right of action shall accrue on this Bond to any person or entity other than the OWNER or its heirs, executors, administrators, or successors.
 8. The Surety hereby waives notice of any change, including changes of time, to the Contract or to related subcontracts, purchase orders and other obligations.
 9. Any proceedings legal or equitable, under this Bond may be instituted in any court of competent jurisdiction in the state of Iowa and shall be instituted within two years after CONTRACTOR Default or within two years after the CONTRACTOR ceased working or within two years after the Surety refuses or fails to perform its obligations under this Bond, whichever occurs first. If the provisions of this paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.
 10. Notice to the Surety, the OWNER or the CONTRACTOR shall be mailed or delivered to the address shown on the signature page.
 11. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the Contract was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted here from and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. The intent is that this Bond shall be construed as a statutory bond and not as a common law bond.
 12. Definitions.
 - 12.1 Balance of the Contract Price: The total amount payable by the OWNER to the CONTRACTOR UNDER THE Contract after all proper adjustments have been made, including allowance to the CONTRACTOR of any amounts received or to be received by the OWNER in settlement of insurance or other Claims for damages to which the CONTRACTOR is entitled, reduced by all valid and proper payments made to or on behalf of the CONTRACTOR under the Contract.
 - 12.2 Contract: The Agreement between the OWNER and the CONTRACTOR identified on the signature page, including all Contract Documents and changes thereto.
 - 12.3 CONTRACTOR Default: Failure of the CONTRACTOR, which has neither been remedied nor waived, to perform or otherwise to comply with the terms of the Contract.
 - 12.4 OWNER Default: Failure of the OWNER, which has neither been remedied nor waived, to pay the CONTRACTOR as required by the Contract or to perform and complete or comply with the other terms thereof.

1. The CONTRACTOR and the Surety, jointly and severally, bind themselves, their heirs, executors, administrators, successors and assigns to the OWNER to pay for labor, materials and equipment furnished for use in the performance of the Contract, which is incorporated herein by reference.
2. With respect to the OWNER, this obligation shall be null and void if the CONTRACTOR:
 - 2.1. Promptly makes payment, directly or indirectly, for all sums due Claimants, and
 - 2.2. Defends, indemnifies and holds harmless the OWNER from all claims, demands, Liens or suits by any person or entity who furnished labor, materials or equipment for use in the performance of the Contract, provided the OWNER has promptly notified the CONTRACTOR and the Surety (at the addresses described in paragraph 12) of any claims, demands, Liens or suits and tendered defense of such claims, demands, Liens or suits to the CONTRACTOR and the Surety, and provided there is no OWNER Default.
3. With respect to Claimants, this obligation shall be null and void if the CONTRACTOR promptly makes payment, directly or indirectly, for all sums due.
4. The Surety shall have no obligation to Claimants under this Bond until:
 - 4.1. Claimants who are employed by or have a direct Contract with the CONTRACTOR have given notice to the Surety (at the addresses described in paragraph 12) and sent a copy, or notice thereof, to the OWNER, stating that a Claim is being made under this Bond and, with substantial accuracy, the amount of the Claim.
 - 4.2. Claimants who do not have a direct Contract with the CONTRACTOR:
 - 4.2.1 Have furnished written notice to the CONTRACTOR and sent a copy, or notice thereof, to the OWNER, within 90 days after having last performed labor or last furnished materials or equipment included in the Claim stating, with substantial accuracy, the amount of the Claim and the name of the party to whom the materials were furnished or supplied or for whom the labor was done or performed; and
 - 4.2.2 Have either received a rejection in whole or in part from the CONTRACTOR, or not received within 30 days of furnishing the above notice any communication from the CONTRACTOR by which the CONTRACTOR had indicated the Claim will be paid directly or indirectly; and
 - 4.2.3 Not having been paid within the above 30 days, have sent a written notice to the Surety and sent a copy, or notice thereof, to the OWNER, stating that a Claim is being made under this Bond and enclosing a copy of the previous written notice furnished to the CONTRACTOR.
5. If a notice required by paragraph 4 is given by the OWNER to the CONTRACTOR or to the Surety that is sufficient compliance.
6. When the Claimant has satisfied the conditions of paragraph 4, the Surety shall promptly and at the Surety's expense take the following actions:
 - 6.1. Send an answer to the Claimant, with a copy to the OWNER, within 45 days after receipt of the Claim, stating the amounts that are undisputed and the basis for challenging any amounts that are disputed.
 - 6.2. Pay or arrange for payment of any undisputed amounts.
7. The Surety's total obligation shall not exceed the amount of this Bond, and the amount of this Bond shall be credited for any payments made in good faith by the Surety.
8. Amounts owed by the OWNER to the CONTRACTOR under the Contract shall be used for the performance of the Contract and to satisfy claims, if any, under any Performance Bond. By the CONTRACTOR furnishing and the OWNER accepting this Bond, they agree that all funds earned by the CONTRACTOR in the performance of the Contract are dedicated to satisfy obligations of the CONTRACTOR and the Surety under this Bond, subject to the OWNER's priority to use the funds for the completion of the Work.

9. The Surety shall not be liable to the OWNER. Claimants or others for obligations of the CONTRACTOR that are unrelated to the Contract. The OWNER shall not be liable for payment of any costs or expenses of any Claimant under this Bond, and shall have under this Bond no obligations to make payments to, give notices on behalf of, or otherwise have obligations to Claimants under this Bond.
10. The Surety hereby waives notice of any change, including changes of time, to the Contract or to related Subcontracts, purchase orders and other obligations.
11. No suit or action shall be commenced by a Claimant under this Bond other than in a court of competent jurisdiction in the location in which the Work or part of the Work is located or after the expiration of one year from the date (1) on which the Claimant gave the notice required by paragraph 4.1 or paragraph 4.2.3, or (2) on which the last labor or service was performed by anyone or the last materials or equipment were furnished by anyone under the Construction Contract, whichever of (1) or (2) first occurs. If the provisions of this paragraph are void or prohibited by law, the minimum period of limitation available to sureties as a defense in the jurisdiction of the suit shall be applicable.
12. Notice to the Surety, the OWNER or the CONTRACTOR shall be mailed or delivered to the addresses shown on the signature page. Actual receipt of notice by Surety, the OWNER or the CONTRACTOR, however accomplished, shall be sufficient compliance as of the date received at the address shown on the signature page.
13. When this Bond has been furnished to comply with a statutory or other legal requirement in the location where the Contract was to be performed, any provision in this Bond conflicting with said statutory or legal requirement shall be deemed deleted here from and provisions conforming to such statutory or other legal requirement shall be deemed incorporated herein. The intent is, that this Bond shall be construed as a statutory Bond and not as a common law bond.
14. Upon request of any person or entity appearing to be a potential beneficiary of this Bond, the CONTRACTOR shall promptly furnish a copy of this Bond or shall permit a copy to be made.
15. DEFINITIONS
 - 15.1. Claimant: An individual or entity having a direct Contract with the CONTRACTOR or with a Subcontractor of the CONTRACTOR to furnish labor, materials or equipment for use in the performance of the Contract. The intent of this Bond shall be to include without limitation in the terms 'labor, materials or equipment' that part of water, gas, power, light, heat, oil, gasoline, telephone service or rental equipment used in the Contract, architectural and engineering services required for performance of the Work of the CONTRACTOR and the CONTRACTOR's Subcontractors, and all other items for which a mechanic's lien may be asserted in the jurisdiction where the labor, materials or equipment were furnished.
 - 15.2. Contract: The Agreement between the OWNER and the CONTRACTOR identified on the signature page, including all Contract Documents and changes thereto.
 - 15.3. OWNER Default: Failure of the OWNER, which has neither been remedied nor waived, to pay the CONTRACTOR as required by the Contract or to perform and complete or comply with the other terms thereof.

FLOOD CONTROL SYSTEM	
DEMOLITION	

MEMO

TO: City of Cedar Rapids

DATE: September 24, 2015

FROM: Bill Carrig, Stanley Consultants, Inc.

SUBJECT: Asbestos Inspection at Building 72/73 of the Former Sinclair Property

An asbestos inspection was conducted at Building 72/73 of the Former Sinclair Property in accordance with the request of City of Cedar Rapids, Iowa. Mr. William Carrig of Stanley Consultants (a licensed Asbestos Inspector in the State of Iowa) visited the site on September 22, 2015. The scope of work included visual inspection of the building to determine the presence of asbestos-containing materials. Asbestos-containing materials are defined as materials containing greater than 1% asbestos content by weight. A copy of the State of Iowa Asbestos Inspector license is included in Attachment A. Photographs taken during the site visit are included in Attachment B.

A total of six bulk samples were collected in accordance with OSHA 29 CFR 1910.1001, which references U.S. EPA Asbestos Hazard Emergency Response Act (AHERA) protocol. In October 1986, AHERA was signed into law. Included in this Act are provisions directing the U.S. EPA to establish rules and regulations addressing ACMs in schools. Specifically, EPA was directed to address the issues of: (1) identifying, (2) evaluation, and (3) controlling ACMs in schools. The final rules became effective on December 17, 1987. The AHERA inspection protocol is considered state-of-the-art and may be adapted and used for other situations. Each suspect material was placed into a sample container, labeled, and sealed. Upon completion of sampling activities, bulk samples were placed into a sealed shipping container along with chain-of-custody documentation. The bulk samples were sent via courier to Carolina Environmental, Incorporated in Cary, North Carolina. Bulk samples were analyzed by trained microscopists at Carolina Environmental, National Voluntary Laboratory Accreditation Program (NVLAP) certified laboratory (No. 101768-0). The AHERA protocol states that bulk samples are to be analyzed for asbestos by laboratories accredited by the National Institute for Standards and Technologies (NIST) through NVLAP.

Asbestos bulk sample analysis was performed by polarized light microscopy (PLM). PLM was performed in accordance with EPA Method 600/R-93/116 to identify asbestos content and quality. PLM is an optical microscopy technique for analyzing bulk samples for asbestos in which the sample is illuminated with polarized light to distinguish between different types of asbestos fibers by their shape and unique optical properties. PLM is a technique recognized and approved by the U.S. EPA and OSHA for analysis of bulk samples.

The results of the asbestos analysis are included in Attachment C of this report and are summarized below:

Sample ID	Location	Material	Condition	% Asbestos
1	South end of building	Yellow ceiling tile debris on floor	Damaged	None Detected
2	South end of building	Yellow ceiling tile debris on floor	Damaged	None Detected
3	South end of building	Yellow ceiling tile debris on floor	Damaged	None Detected
4	South end of building	White ceiling tile debris on floor	Damaged	None Detected
5	South end of building	White ceiling tile debris on floor	Damaged	None Detected
6	South end of building	White ceiling tile debris on floor	Damaged	None Detected

As noted above, asbestos was not detected in the samples collected on September 22, 2015. Stanley Consultants appreciates the opportunity to assist you with your environmental needs. If you have any questions, please feel free to contact me at (319) 626-5332.

CLIENT PROJECT: Sinclair; 25617
CEI LAB CODE: A15-7128

Dear Customer:

Enclosed are asbestos analysis results for PLM Bulk samples received at our laboratory on September 25, 2015. The samples were analyzed for asbestos using polarizing light microscopy (PLM) per the EPA 600 Method.

Sample results containing >1% asbestos are considered asbestos-containing materials (ACMs) per EPA regulatory requirements. The detection limit for the EPA 600 Method is <1% asbestos by weight as determined by visual estimation.

Thank you for your business and we look forward to continuing good relations. If you have any

Kind Regards,

Additional Provisions for Projects Utilizing Federal Funding (CDBG)

NOTICE: THIS IS A FEDERALLY FUNDED PROJECT

AWARDING AGENCY: Community Development Block Grant (CDBG), Department of Housing and Urban Development (HUD).

Funding, in whole or in part, for this Project is through CDBG Disaster Funding from HUD, therefore all provisions of the Federal Code of Regulations, Title 24 (CFR24) Administrative Requirements for Grants and Cooperative Agreements to State, Local and Federally Recognized Indian Tribal Governments apply to this Project.

Federal Law requires that contracts relating to the Project include certain provisions of CFR Title 24 Part 85.36 (h, i) Administrative Requirements for Grants and Cooperative Agreements to State, Local and Federally Recognized Indian Tribal Governments. Depending upon the type of work or services provided and the dollar value of the Project, some of the provisions set forth in CFR Title 24 may not apply to the Contractor or to the work or services to be provided hereunder; however, the provisions are nonetheless set forth to cause this Project to comply with Federal Law.

This Project will be in strict compliance with program requirements of the Awarding Agency and of CFR Title 24 Part 85.36 (i & h).

- (1) Administrative, contractual, or legal remedies in instances where contractors violate or breach contract terms, and provide for such sanctions and penalties as may be appropriate. (Contracts more than the simplified acquisition threshold)

Reference Sections titled *Termination, City's Right to Withhold, Disputes, and Warranties.*

- (2) Termination for cause and for convenience by the grantee or subgrantee including the manner by which it will be effected and the basis for settlement. (All contracts in excess of \$10,000)

Reference Section titled *Termination.*

- (3) Compliance with Executive Order 11246 of September 24, 1965, entitled "Equal Employment Opportunity", as amended by Executive Order 11375 of October 13, 1967, and as supplemented in Department of Labor regulations (41 CFR chapter 60). (All construction contracts awarded in excess of \$10,000 by grantees and their contractors or subgrantees)

Reference Section titled *Non Discrimination and Equal Opportunity.*

- (4) Compliance with the Copeland "Anti-Kickback" Act (18 U.S.C. 874) as supplemented in Department of Labor regulations (29 CFR Part 3). (All contracts and subgrants for construction or repair)
- (5) Compliance with the Davis-Bacon Act (40 U.S.C. 276a to 276a-7) as supplemented by Department of Labor regulations (29 CFR part 5). (Construction contracts in excess of \$2000 awarded by grantees and subgrantees when required by Federal grant program legislation)
- (6) Compliance with Sections 103 and 107 of the Contract Work Hours and Safety Standards Act (40 U.S.C. 327-330) as supplemented by Department of Labor regulations (29 CFR Part 5). (Construction contracts awarded by grantees and subgrantees in excess of \$2000, and in excess of \$2500 for other contracts which involve the employment of mechanics or laborers)
- (7) Notice of awarding agency requirements and regulations pertaining to reporting.
- (8) Notice of awarding agency requirements and regulations pertaining to patent rights with respect to any discovery or invention which arises or is developed in the course of or under such contract.
- (9) Awarding agency requirements and regulations pertaining to copyrights and rights in data.
- (10) Access by the grantee, the subgrantee, the Federal grantor agency, the Comptroller General of the United States, or any of their duly authorized representatives to any books, documents, papers, and records of the contractor which are directly pertinent to that specific contract for the purpose of making audit, examination, excerpts, and transcriptions.
- (11) Retention of all required records for five years after grantees or subgrantees make final payments and all other pending matters are closed.

The City's requirement is 5 years; reference Section titled *Treatment of Documents*.

- (12) Compliance with all applicable standards, orders, or requirements issued under section 306 of the Clean Air Act (42 U.S.C. 1857(h)), section 508 of the Clean Water Act (33 U.S.C. 1368), Executive Order 11738, and Environmental Protection Agency regulations (40 CFR part 15). (Contracts, subcontracts, and subgrants of amounts in excess of \$100,000)
- (13) Mandatory standards and policies relating to energy efficiency which are contained in the state energy conservation plan issued in compliance with the Energy Policy and Conservation Act (Pub. L. 94-163, 89 Stat. 871).

BONDING REQUIREMENTS

For construction or facility improvement contracts or subcontracts exceeding the simplified acquisition threshold (\$100,000), the awarding agency may accept the bonding policy and requirements of the grantee (State if Iowa) or subgrantee (City of Cedar Rapids) provided the awarding agency has made a determination that the awarding agency's interest is adequately protected. If such a determination has not been made, the minimum requirements shall be as follows:

- (1) A bid guarantee from each bidder equivalent to five percent (5%) of the bid price. The "bid guarantee" shall consist of a firm commitment such as a bid bond, certified check, or other negotiable instrument accompanying a bid as assurance that the bidder will, upon acceptance of his bid, execute such contractual documents as may be required within the time specified.
(In compliance with State Law, the City of Cedar Rapids will require a ten percent (10%) bid bond.)
- (2) A performance bond on the part of the contractor for 100 percent (100%) of the contract price. A "performance bond" is one executed in connection with a contract to secure fulfillment of all the contractor's obligations under such contract.
(In compliance with State Law, the City of Cedar Rapids will require a performance bond for contracts exceeding \$25,000.)
- (3) A payment bond on the part of the contractor for 100 percent of the contract price. A "payment bond" is one executed in connection with a contract to assure payment as required by law of all persons supplying labor and material in the execution of the work provided for in the contract.
(In compliance with State Law, the City of Cedar Rapids will require a payment bond for contracts exceeding \$25,000.)

CERTIFICATIONS

The Contractor, its employees, agents, and subcontractors shall comply with all applicable federal, state, and local laws, rules, ordinances, regulations and orders when providing Deliverables under this Contract, including without limitation, all laws that pertain to the prevention of discrimination in employment and in the provision of services. Failure to comply with this provision may cause this contract to be cancelled, terminated or suspended in whole or in part and the Contractor may be declared ineligible for future contracts or be subject to other sanctions as provided by law or rule. The Contractor, its employees, agents and subcontractors shall also comply with all federal, state and local laws regarding business permits and licenses that may be required to carry out the work performed under this Contract. If all or a portion of the funding used to pay for the Deliverables is being provided through a grant from the Federal Government, Contractor acknowledges and agrees that pursuant to applicable federal laws, regulations, circulars and bulletins, the awarding agency of the Federal Government reserves certain rights including, without limitation a royalty-free, non-exclusive and irrevocable license to reproduce, publish or otherwise use, and to authorize others to use, for Federal Government purposes, the Deliverables developed under this Contract and the copyright in and to such Deliverables.

The Contractor expressly acknowledges that the contracted Deliverables are subject to legislative change by either the federal or state government. Should either legislative body enact measures which alter the project, the Contractor shall not hold the City liable in any manner for the resulting changes. The City shall use best efforts to provide thirty (30) days' written notice to the Contractor of any legislative change. During the thirty (30)-day period, the parties shall meet and make a good faith effort to agree upon changes to the Contract to address the legislative change. Nothing in this Subsection shall affect or impair IDED's right to terminate the Contract pursuant to the termination provisions.

Contractor certifies and assures compliance with the applicable orders, laws and implementing regulations, including but not limited to, the following, as modified by the Program Rules, all as may hereafter be modified or amended:

- (1) Financial Management guidelines issued by the U.S. Office of Management and Budget, OMB Circular A-133 ("Single Audit Act Amendment of 1996"), OMB Circular A-122 ("Cost Principles for Nonprofit Organizations"), OMB Circular A-87 ("Principles for Determining Costs Applicable to Grants and Contracts with State, Local and Federally recognized Indian Tribal Governments").
- (2) Title I of the Housing and Community Development Act of 1974 as amended (42 U.S.C. 5301 et seq.); and regulations which implement these laws, as modified by the waivers and alternative requirements published in the Federal Register on February 13, 2009.
- (3) Title VI of the Civil Rights Act of 1964 as amended (Public Law 88-352; 42 U.S.C. 2000d et seq.); Title VIII of the Civil Rights Act of 1968 as amended (Public Law 90-284; 42 U.S.C. 3601 et seq.); the Iowa Civil Rights Act of 1965; Iowa Code Section 19B.7, and Executive Order #34, dated July 22, 1988; Iowa Code Chapter 216, Presidential Executive Order 11063, as amended by Executive Order 12259; Presidential Executive Order 11246, as amended; Section 504 of the Rehabilitation Act of 1975 as amended (29 U.S.C. 794); the Age Discrimination Act of 1975 as amended (42 U.S.C. 6101 et seq.); the Americans with Disabilities Act, as applicable, (P. L. 101-336, 42 U.S.C. 12101-12213); and related Civil Rights and Equal Opportunity statutes; and regulations which implement these laws.
- (4) Fair Housing Act, Public Law 90-284. The Fair Housing Act is part of Title VIII of the Civil Rights Act of 1968 as amended (42 U.S.C. 3601 et seq.); Section 109 of the Title I of the Housing and Community Development Act of 1974, as amended; Section 3 of the Housing and Urban Development Act of 1968 as amended (12 U.S.C. 1701u); and regulations which implement these laws.
- (5) Department of Housing and Urban Development regulations governing the CDBG program, 24 Code of Federal Regulations, Part 570.
- (6) Section 102 of the Department of Housing and Urban Development Reform Act of 1989 (P.L. 101-235), and implementing regulations.
- (7) Requirements for the Notification, Evaluation, and Reduction of Lead-Based Paint Hazards in Federally Owned Residential Property and Housing Receiving Federal Assistance; Final Rule (24 CFR Part 35, et al.).
- (8) Davis-Bacon Act, as amended (40 U.S.C. 276a - 276a-5), where applicable under Section 110 of the Housing and Community Development Act of 1974, as amended; Contract Work Hours and Safety Standards Act (40 U.S.C. 327 et seq.); the Copeland Anti-Kickback Act (18 U.S.C. 874); the Department of Defense Reauthorization Act of 1986; and regulations which implement these laws.
- (9) National Environmental Policy Act of 1969 and implementing regulations.
- (10) Uniform Relocation Assistance and Real Property Acquisition Policies Act of 1970, as amended, (URA)(42 U.S.C. 4601 - 4655) and implementing regulations; Section 104(d) of the Housing and Community Development Act of 1974, as amended, governing the residential anti-displacement and relocation assistance plan; and Section 105(a)(11) of the Housing and Community Development Act of 1974, as amended, governing optional relocation assistance, each as modified and/or waived by the Program Rules.
- (11) Iowa CDBG Program Administrative rules adopted by the Iowa Department of Economic Development, 261 Iowa Administrative Code, Chapter 23, to the extent applicable to the Program and not in conflict with the Program Rules.
- (12) Financial and Program Management guidelines issued by the Iowa Department of Economic Development; the 2008 CDBG Management Guide and the IDED Audit Guide.
- (13) Government-wide Restriction on Lobbying Certification [Section 319 of Public Law 101-121] and implementing regulations.
- (14) Fair Labor Standards Act and implementing regulations.
- (15) Hatch Act (regarding political partisan activity and federally funded activities) and implementing regulations.

- (16) Citizen participation, hearing and access to information requirements found under sections 104(a)(2) and 104(a)(3) of Title I of the Housing and Community Development Act of 1974, as modified by the Program Rules.
- (17) Subsection 104(l) of Title I of the Housing and Community Development Act of 1974, as amended, regarding the prohibition of the use of excessive force in nonviolent civil rights demonstrations and the enforcement of state and local laws on barring entrance to or exit from facilities subject to such demonstrations.
- (18) Drug-Free Workplace Act.
- (19) All Federal laws and regulations described in 24 CFR subpart K, except for 24 CFR 570.604 and 24 CFR part 52.

COMPLIANCE WITH ENVIRONMENTAL AND HISTORIC PRESERVATION REQUIREMENTS

Notwithstanding any provision of this Contract, the parties hereto agree and acknowledge that this Contract does not constitute a commitment of funds or site approval, and that such commitment of funds or approval may occur only upon satisfactory completion of environmental review and receipt by the Contractor of a Release of Funds from the State of Iowa under 24 CFR Part 58 or 24 CFR Part 50. The parties further agree that the provision of funds to the project is conditioned on the State of Iowa's determination to proceed with, modify, or cancel the project based on the results of a subsequent environmental review. It is further understood that the environmental clearance must be obtained prior to any commitment of funds or the undertaking of any physical or choice-limiting actions, including property acquisition, demolition, movement rehabilitation, conversion, repair or construction. This requirement applies to the Contractor, as well as to any Sub-Contractor or contractor. Any violation of this requirement may result in the denial of funds under this contract. The Contractor shall comply with the Programmatic Agreement between the Iowa Department of Economic Development and the Iowa State Historical Preservation Office, applicable to any activities included in this Contract.

CIVIL RIGHTS

(1) DISCRIMINATION IN EMPLOYMENT

The Contractor shall not discriminate against any qualified employee or applicant for employment because of race, color, religion, sex, national origin, age, or physical or mental disability. The Contractor may take affirmative action to ensure that applicants are employed and that employees are treated without regard to their race, color, religion, sex, national origin, age, or disability. Such action shall include but may not be limited to the following: employment, upgrading, demotion or transfers; recruitment or recruitment advertising; lay-off or termination; rates of pay or other forms of compensation; and selection for training, including an apprenticeship. The Contractor agrees to post notices setting forth the provisions of the nondiscrimination clause in conspicuous places so as to be available to employees.

(2) CONSIDERATION FOR EMPLOYMENT

The Contractor shall, in all solicitations or advertisements for employees placed by or on behalf of the Contractor; state that all qualified applicants will receive consideration for employment without regard to race, color, religion, sex, national origin, age, disability, or familial status. Solicitation and Advertisement - The Contractor shall list all suitable employment openings in the State Employment Service local offices.

(3) CIVIL RIGHTS COMPLIANCE IN EMPLOYMENT

The Contractor shall comply with all relevant provisions of the Iowa Civil Rights Act of 1965 as amended, Iowa Code Section 19B.7, Federal Executive Order 11246, as amended; Title VI of the U.S. Civil Rights Act of 1964 as amended (42 U.S.C. Section 2000d et seq.), the Fair Labor Standards Act (29 U.S.C. Section 201 et seq.), The Americans with Disabilities Act, as applicable, (P.L. 101-336, 42 U.S.C. 12101-12213), Section 504 of the Rehabilitation Act of 1975 as amended (29 U.S.C. Section 794), and the Age Discrimination Act of 1975 as amended (42 U.S.C. Section 6101 et seq.). The Contractor will furnish all information and reports requested by the State of Iowa or required by or pursuant to the rules and regulations thereof and will permit access to payroll and employment records by the State of Iowa to investigate compliance with these rules and regulations.

(4) **CERTIFICATION REGARDING GOVERNMENT-WIDE RESTRICTION ON LOBBYING**

The Contractor certifies, to the best of his or her knowledge and belief, that:

- a) No Federal appropriated funds have been paid or will be paid, by or on behalf of the Contractor, to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress in connection with the awarding of any Federal contract, the making of any Federal grant, the making of any Federal loan, the entering into of any cooperative agreement, and the extension, continuation, renewal, amendment, or modification of any Federal contract, grant, loan, or cooperative agreement.
- b) If any funds other than Federal appropriated funds have been paid or will be paid to any person for influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee, or an employee of a Member of congress in connection with this Federal contract, grant, loan, or cooperative agreement, the Contractor shall complete and submit Standard Form-LLL, "Disclosure Form to Report Federal Lobbying" in accordance with its instruction.
- c) The Contractor shall require that the language of this certification be included in the award documents for all sub-awards at all tiers (including subcontracts, sub-grants, and contracts under grants, loans, and cooperative agreements) and that all sub-Contractors shall certify and disclose accordingly.
- d) This certification is a material representation of fact upon which reliance was placed when this transaction was made or entered into. Submission of this certification is a prerequisite for making or entering into this transaction imposed by section 1352, title 31, U.S. Code. Any person who fails to file the required certification shall be subject to a civil penalty of not less than \$10,000 and not more than \$100,000 for each such failure.

(5) **PROGRAM NONDISCRIMINATION**

The Contractor shall conform with requirements of Title VI of the Civil Rights Act of 1964 (42 U.S.C. 2000d et seq.) and HUD regulations issued pursuant thereto contained in 24 CFR Part 1. No person in the United States shall on the basis of race, color, national origin, sex or religion or religious affiliation be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program or Work funded in whole or in part with funds made available through this Contract. Any prohibition against discrimination on the basis of age under the Age Discrimination Act of 1975 (42 U.S.C. 6101 et. seq.) or with respect to an otherwise qualified individual with a disability as provided in the Americans with Disabilities Act, as applicable, (P.L. 101-336, 42 U.S.C. 12101-12213) or Section 504 of the Rehabilitation Act of 1975 (29 U.S.C. Section 794) shall also apply to any such program or Work.

(6) **FAIR HOUSING**

The Contractor shall comply with Title VIII of the Civil Rights Act of 1968 (42 U.S.C. 3601 et seq.), generally known as the Fair Housing Act, and with HUD regulations found at 24 CFR Part 107, issued in compliance with Federal Executive Order 11063, as amended by Federal Executive Order 12259. The Contractor shall also comply with Section 109, Title I of the Housing and Community Development Act of 1974, as amended.

(7) **SECTION 3 COMPLIANCE**

The Contractor shall comply with provisions for training, employment, and contracting in accordance with Section 3 of the Housing and Urban Development Act of 1968 (12 U.S.C. 1701u).

(8) **NONCOMPLIANCE WITH THE CIVIL RIGHTS LAWS**

In the event of the Contractor's noncompliance with the nondiscrimination clauses of this Contract or with any of the aforesaid rules, regulations, or requests, this Contract may be canceled, terminated, or suspended either wholly or in part. In addition, the State of Iowa may take further action, imposing other sanctions and invoking additional remedies as provided by the Iowa Civil Rights Act of 1965 (Chapter 216, Code of Iowa 2007) or as otherwise provided by law.

(9) INCLUSION IN SUBCONTRACTS

The Contractor will include the provisions of the preceding paragraphs 1-8 (Civil Rights) in every subcontract unless exempt by the State of Iowa, and said provisions will be binding on each subcontractor. The Contractor will take such action with respect to any subcontract as the State of Iowa may direct as a means of enforcing such provisions including sanctions for noncompliance. In the event the Contractor becomes involved in or is threatened by litigation with a subcontractor or vendor as a result of such direction by the State of Iowa, the Contractor may request the State of Iowa to enter into such litigation to protect the interests of the State of Iowa.

FLOOD INSURANCE REQUIREMENTS

The following requirements shall apply to this Contract:

- (1) No funds under this Contract may be used for repair, replacement or restoration for damage to any personal, residential or commercial property if that person at any time has received federal flood disaster assistance that was conditional on the person first having obtained flood insurance under applicable federal law and the person has subsequently failed to obtain and maintain flood insurance as required under applicable federal law on such property.
- (2) In the event of a transfer of any property assisted under this Contract for which the owner is required to obtain flood insurance as set forth herein, the following shall apply:
 - a) The transferor shall, not later than the date on which such transfer occurs, notify the transferee in writing of ANY requirements to (A) obtain flood insurance in accordance with applicable federal law with respect to such property, if the property is not so insured as of the date on which such property is transferred; and (B) maintain flood insurance in accordance with applicable federal law, which written notification shall be contained in the deed or other document evidencing the transfer of ownership of the property.
 - b) If the transferor of such property fails to provide notice as described in this subsection and, subsequent to the transfer of such property (A) the transferee fails to obtain or maintain flood insurance in accordance with applicable federal law with respect to such property; (B) such property is damaged by a flood disaster; and (C) federal disaster relief assistance is provided for the repair, replacement, or restoration of such property as a result of such damage, then the transferor shall be required to reimburse the Federal Government in an amount equal to the amount of federal disaster assistance provided with respect to such property.
 - c) The notification requirements of this section apply to personal, commercial or residential property for which federal disaster relief assistance made available in a flood disaster area has been provided, prior to the date on which the property is transferred, for repair, replacement or restoration of such property, if such assistance was conditioned upon obtaining flood insurance in accordance with applicable federal law with respect to such property.
- (3) For purposes of this section, the term "Federal disaster relief assistance applies to HUD or other federal assistance for disaster relief in "flood disaster areas" and the term "flood disaster area" has the meaning given such term in Section 582(d)(2) of the National Flood Insurance Reform Act of 1994, as amended, and includes an area receiving a presidential declaration of a major disaster or emergency as a result of flood conditions.

PROHIBITION ON USE OF FUNDS

The funds provided under this Contract shall not be used for activities reimbursable by or for which funds are made available by the Federal Emergency Management Agency or the Army Corps of Engineers. In addition, none of the funds provided under this Contract may be used as the required match, share or contribution for any other federal programs.

DUPLICATION OF BENEFITS

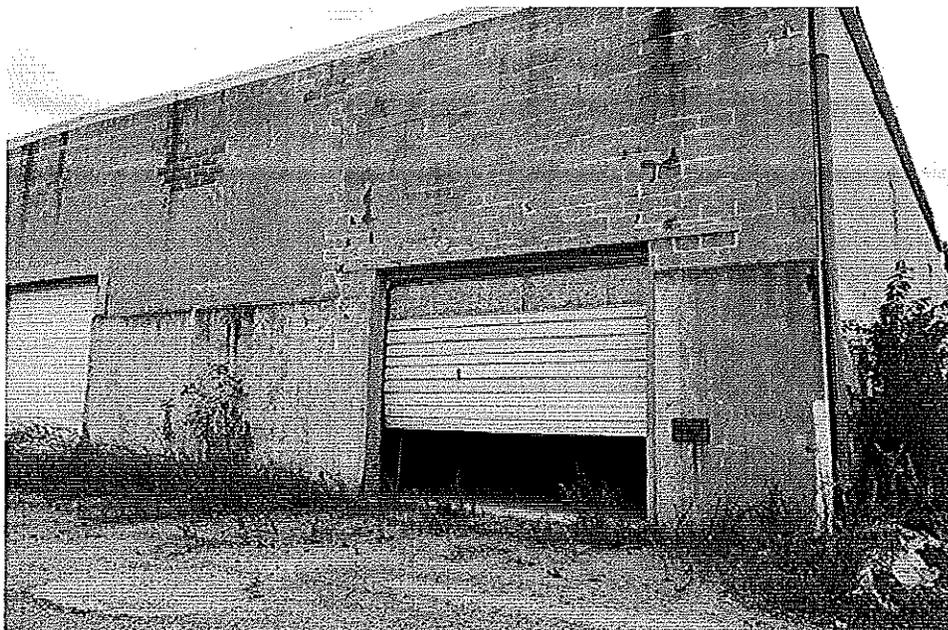

42 U.S.C. 5155 provides that any federal agency administering any program providing financial assistance to persons, business concerns or other entities suffering losses as a result of a major disaster or emergency, shall assure that no such person, business concern, or any other entity will receive such assistance with respect to any part of such loss as to which it has received financial assistance under any other federal program or from

insurance or any other source (the "Duplication of Benefits Rules"). The Contractor covenants to comply with the Duplication of Benefits Rules and to report any information with respect to the Duplication of Benefits Rules to IDED as a condition to disbursements under this Contract.

DISASTER RECOVERY REQUIREMENT

Use of all funds pursuant to this Contract shall be for necessary expenses related to disaster relief, long-term recovery and restoration of infrastructure, housing and economic revitalization in areas covered by the declarations of major disaster under Title IV of the Robert T. Stafford Disaster Relief and Emergency Act (42 U.S.C. Section 5721 et seq.) designated Disaster No. 1763 (the "Disaster"). This Project shall be located in one or more counties in the State of Iowa for which the Disaster was declared.
