

ADDENDUM #2

To: All Companies Interested in Submitting a Bid
From: Rebecca Johnson, CPPB, Purchasing Agent
Bid: Wave Guided Level Sensor (Bid #0909-075); Dated: October 1, 2009
Subject: Addendum #2
Date: October 9, 2009

The following questions and/or clarifications were asked relative to the above-listed Request for Bid. This memo is sent for clarification to all companies to whom the bid was sent.

Clarification: The 1" conduit referenced in Addendum #1 shall be aluminum conduit.

Question: What is the material and thickness of the roof material above the silo?

Answer: The roof material is Stevens Hi-Tuff, a division of JPS Elastomerics Corp. Thickness is Eight inches (8"), give or take (13.5" spool piece with 5.5" of the spool above the roof)

Question: Are the existing spool pieces on the roof of the silos in the center of the silo?

Answer: No

Question: Does the lime fill and drain at the center of the silo?

Answer: Yes

Question: Is it possible to gain access to the bottom of the silo?

Answer: No

All addenda that you receive shall become a part of the contract documents and shall be acknowledged and dated on the bottom of the Signature Page (page 9). The deadline for bid submittal is Tuesday, October 13, 2009 at 2:30 p.m. CDT.
